

## MANY DEATHS AND VAST PROPERTY LOSS IN STORM'S WAKE

### GALE WROUGHT HAVOC IN MANY STATES

Greatest Damage in Illinois Done in Northern Section—Many Sections Isolated by Down Telegraph and Telephone Wires.

Revised reports from eight states swept by Sunday's tornado placed the number of dead at 161, with 104 in northern states and 55 in southern as follows:

Indiana	36
Illinois	30
Ohio	26
Michigan	12
Missouri	1
Wisconsin	1
Georgia	38
Alabama	17

Property loss in Illinois was estimated at \$6,000,000; in western Ohio at \$2,000,000; in Georgia at more than \$1,000,000; while other states visited by the tornado reported a large amount of damage done.

Rail, telegraph and telephone communication was established with nearly all stricken communities in Illinois and Ohio, but Michigan reported that many rural regions were still cut off.

Chicago, March 29.—The death list of the Palm Sunday tornadoes that swept sections of eight states tonight stood at 173.

Telegraph and telephone service with many isolated communities in the middle west had been only partly restored today and indications were that the toll of death and destruction would be augmented.

The known dead in six central western states numbered 95 while 78 were killed in Georgia and Alabama. The property loss in the Chicago area alone was estimated at \$6,000,000, while in the other states affected the material loss was heavy.

Elgin, Ill., suffered the heaviest property loss the damage there being \$4,000,000. Illinois was the hardest hit of the central states, with 30 dead, more than 1,000 injured and 2,000 made homeless. Indiana reported 28 fatalities and Ohio 26. Nine were killed in Michigan and one each in Wisconsin and Missouri.

The death list in Georgia was placed at 62.

The districts most seriously affected in the Chicago area were: Irving Park, within the city limits, with six dead; Melrose Park, nine dead; Elgin, eight dead; Maywood, four dead; and Plainfield, three dead.

Heavy property damage also resulted in Wilmette and Evanston, North Shore suburbs. No fatalities occurred in the latter places. At Joliet, Ill., three persons were probably fatally injured and fourteen were seriously hurt. Troops patrolled the streets of Elgin, Melrose Park and Wilmette today and police details from Chicago were on guard at Dunning.

Relief Work Organized

Every public relief agency was organized today to aid the victims in the devastated towns. Health Commissioner Robertson mobilized all available surgeons and nurses and sent them to the stricken areas. Mayor Thompson acted with the city council in raising funds by public subscription and Red Cross headquarters were opened.

In several places American Legion posts sent volunteers to watch for looters and assist in relief work.

A survey of the devastated districts was begun today by Henry J. Cox, weather forecaster for Chicago. A report of findings will be sent to Washington.

The tornado was the result of a combination of two storms, he said. One developed in Alaska, traveled thru British Columbia and joined a storm from the south, plateau of southern Arizona and west which developed in the arid Nevada. This combination, Professor Cox said, resulted in a rotary motion which formed eddies and caused a tornado.

Alto the tornado traveled forward at a rate of about fifty miles an hour, the wind at the core of the tornado was estimated to have had a velocity of from 200 to 300 miles an hour.

task. At Raabs Corners an appeal was made by deputy sheriffs to guard the ruins of the homes and the church. The village has no police.

Late Indiana Reports.

Indianapolis, Ind., March 29.—Latest reports from the storm-swept areas of Northern Indiana place the number of dead at thirty six. Hundreds of persons were injured in ten counties in the state and altho property damage cannot be estimated it will be in the hundreds of thousands of dollars. Many persons have not been accounted for.

Two additions to the list of dead came from Adams county where no reports of deaths previously had been reported. Eleven dead were reported from Allen county, in which Fort Wayne is located, eleven were reported killed in Jay county, one in Stueben county, one in Montgomery county and ten from Union City which is located in Randolph county on the Indiana-Ohio line.

Relief work is being carried on by local organizations in towns nearest the devastated rural district, any of the injured in Allen county have been taken to Fort Wayne hospitals.

Heavy Losses in South.

Atlanta, Ga., March 29.—Revised reports tonight from the storm swept section of Georgia and Alabama cut down the death list to 55. LaGrange, Ga., suffered most, 26 persons being killed there.

Eleven were killed at Alexander City, Ala., ten at West Point, Ga., and five at Agricola, Ala.

The number of injured was known to run into the hundreds. After a night of darkness and confusion the injured at LaGrange and West Point were being cared for in improvised hospitals with the aid of Red Cross and army officers.

Property loss at LaGrange was estimated at \$500,000 with West Point reporting "damage not estimated."

FINAL REPORTS SOON BY CON CON DELEGATES

Springfield, Ill., March 29.—The Illinois constitutional convention will resume its sessions tomorrow with a busy week in prospect for the members of committees. Chairmen of the various committees are now working to complete a final report on articles for the new basic law.

The two public hearings have been set for this week, the first to be held Wednesday for opponents of the initiative and referendum to present their arguments. Proponents of proposals for municipal control of down state public utilities will be heard Thursday.

SPECIAL DEMONSTRATORS IN SPRAYING ARRANGED

A representative of the University of Illinois is coming to Morgan county for Wednesday and Thursday, according to arrangements made with the farm bureau. County Agent Kendall said yesterday that this visit was arranged for the purpose of spraying demonstrations. Four will be given two tomorrow and two on Thursday the first one will be given at Urayville, either on the farm of E. O. Osborne or H. R. Garfield and a definite announcement will be made tomorrow with reference to this demonstration and the others included in the schedule.

HEALTH OFFICERS TO AID STORM SUFFERERS

Springfield, Ill., March 29.—Medical health officers and sanitary engineers were dispatched today to the storm swept area of northern Illinois by Dr. C. St. Clair Drake, director of the department of public health to assist local health authorities in meeting sanitary and contagious disease emergencies resulting from Sunday's tornado.

Paul Hansen, chief sanitary engineer will direct the health department forces from Chicago.

TEXT BOOK PUBLISHERS WOULD RAISE PRICES

Springfield, Ill., March 29.—School text book publishers who recently lost their right to interfere with book prices in the state supreme court have filed suit in the United States District Court to restrain State Superintendent of Public Instruction Francis G. Blair, from forcing the Illinois law which provides that prices of school books shall not be changed for a period of five years.

CHANGE IN POSITION

Miss Helen Mansfield who has acceptably filled the position of bookkeeper at Cherry's livery and auto establishment for some time has resigned her position there to accept a place among the scribes in the banking house of Duane, Russell & Co. The young lady is an accomplished accountant and possesses very pleasant ways and will be a desirable addition to the force in the bank.

STUDEBAKERS FOR KANSAS

Yesterday a string of seven new Studebaker cars passed through the city from South Bend, Indiana, to the owner in Topeka, Kansas.

## SUBSTANTIAL GIFTS TO I. W. C. ANNOUNCED

Dr. and Mrs. J. W. Botkin Make Liberal Annuity Bequest—Dr. David Strawn Adds to Library Contribution—Other Interesting Facts About Bequests.

President J. R. Harker of the Woman's college had the pleasure Monday of making several interesting announcements of gifts to the college. Dr. and Mrs. John W. Botkin have just made a bequest of \$12,000 to the college on an annuity plan. Mrs. Botkin as Miss Anna Borum was one of the early graduates of the college and her interest in the institution has continued thru the years. She and her husband were therefore very glad to give such substantial manifestation of that interest.

It was recently announced that by the death of Mrs. McFadden of Havana that a residence property there would pass into the possession of the college. Recently when Dr. Harker visited Havana he found that not only this residence was left to the college but that Mrs. McFadden's bequest also included a residence in Chicago and \$1,200 worth of stock in a cement company. The total value of the gifts is at least \$12,000.

Another interesting fact has come to light with reference to the bequest by Mrs. Susan E. Butler of Brighton. Mrs. Butler named the college as the residuary legatee in her will and at the time of her death it was assumed that her action would mean a gift to the college of approximately \$10,000. Mrs. Butler left a fine farm adjoining the town of Brighton, and it has developed that after the payment of bequests that at least \$15,000 will accrue to the college.

Announcement of still greater local interest is that Dr. David Strawn has just given to the college \$4,500 for the completion of the Dr. David Strawn library addition. By this bequest a second floor is to be added. It will be of steel and glass of the type in use at the Carnegie public library and will be approached by a steel stairway. The stacks now in use on the first floor will be placed on the second and new stacks installed on the first floor. This opinion was expressed by those familiar with the court's procedure that a decision might be rendered immediately when the court reconvenes. Further argument on both sides of questions touching validity of the constitutional amendment and the enforcement act now before the court was presented today.

Washington, March 29.—A possibility that the supreme court might pass final judgment on prohibition questions now before it by the middle of next month was seen by some observers today in the announcement that the court recess to be taken at conclusion of arguments on these cases probably tomorrow would extend to April 19 instead of April 12. This opinion was expressed by those familiar with the court's procedure that a decision might be rendered immediately when the court reconvenes. Further argument on both sides of questions touching validity of the constitutional amendment and the enforcement act now before the court was presented today.

Mr. Root characterized the prohibition amendment as new legislation made under "color of an amendment" affecting personal rights. If its validity was upheld, he said the effect would be that the court recognized in addition to the legislative powers of congress and the states, a third legislative power, namely enactment of legislation by consent of three-fourths of the states which he said would be "a perversion not only of the word but of the whole tone and character of the constitution."

On the government's behalf, Mr. Friereson reiterated arguments made in the Rhode Island case that the question of the amendment's validity is not justifiable. The eighteenth amendment could have been inserted in the original constitution and for that reason, he said, he could not see the force of arguments, "that it can't be inserted by amendment."

Its effect, he said, was merely to give congress authority to enforce prohibition in the states.

NEW MANAGER FOR FEDERAL BAKERY

J. H. Swisher of Macomb arrived in the city Monday to take charge of the Federal Bakery, as manager, following the resignation of V. V. Hipsley. Mr. Hipsley states that he has not yet decided on what work he will take up, but it is hoped he will decide to remain in Jacksonville as both he and Mrs. Hipsley have made many warm friends during their residence. Mr. Swisher comes to the city well recommended and is an experienced man in the bakery business.

CLOTHING HIGHER

A representative of the great house of Hart, Schaffner & Marx was in the city yesterday discussing the clothing trade said he could see nothing ahead but higher priced clothing. Wages are likely to be raised and material will be no lower while people want the best. A man called in the local clothing store while the gentleman was there and asked to see a shirt. One costing \$15.00 and war tax was shown him and was just what he wanted and he took it.

A BEAUTIFUL BUILDING

The new edifice, being erected for Trinity Episcopal church will be one of the ornaments of the city. It is approaching completion and each day adds some new attraction to its appearance. The architect who designed it prepared the plans for one for the Episcopal church in Champaign and the people there thought they had the best looking one in the state but they will have to share honors with the good people of Trinity in this city.

Sunday evening there was a large congregation at the McCabe M. E. church. A special offering was taken up for the purpose of sending the pastor, M. Luther Mackey to the conference at St. Louis next week.

## Condensed Telegraphic News

(By The Associated Press)

NEW YORK.—An armed caravan moved thru New York's financial district today with a treasure of ten tons of gold in rough, metal bound boxes, loaded on five two horse trucks. The gold, valued at \$9,300,000, arrived from England on the Steamer Lapland yesterday and was taken to the sub-treasury in Wall Street.

Moving along the caravan's route were 200 armed men, in plain clothes and another body of armed men rode on the trucks. Few pedestrians knew what the vans contained.

SYRACUSE, N. Y.—Demand for repeal of the daylight saving law was voiced today in practically every agricultural community in the state.

Meetings were held under the auspices of the state grange, the federation of county farm bureaus and the dairymen's league.

Speakers claimed daylight saving was injustice to the farmer and in many cases would result in a decrease in production.

LONDON.—A deputation of trade unionists and Socialists visited King Christian Monday evening and notified him that unless he revoked the dismissal of

## PENDING CONTRACT SOFT COAL MINERS TO REMAIN AT WORK

Locals Notified by Wire to Continue in Mines After Apr. 1

ST. LOUIS, Mo.—All city employees paid off monthly basis whose annual wages are \$3,000 or less will be given an increase of ten per cent effective April 1, under an ordinance passed by the board of aldermen today. About 3,500 employees are affected.

ST. LOUIS, Mo.—Democratic state leaders at a conference here Monday tried to get the platform to be adopted at the state convention in Joliet, April 22, contain planks favoring bonuses for former service men and opposing universal military training it was said.

LITTLE ROCK, Ark.—The Arkansas supreme court today heard testimony in the case of Luther Sneed of Jonesboro, convicted on a charge of murdering his wife. The reversal was granted because of the lower court's action in admitting certain evidence concerning the death of Sneed's baby which followed the death of the mother by only a few weeks. Sneed was charged with poisoning his wife with strychnine.

## WILL NEGOTIATE CONDITIONS

NEW YORK, March 29.—The scale committees of the bituminous operators and mine workers, in a joint conference here this afternoon agreed to make the monetary provisions contained in the award of the bituminous coal commission as affirmed by the president, become effective on April 1, and that the mines continue in operation pending the working out of a new agreement. The award provided for a wage increase of 27 percent.

The motion to accept the commission's award was made by representatives of the mine workers and was adopted by unanimous vote.

Notice to Miners.

All local unions of the United Mine Workers in the Central competitive fields will be notified immediately of the acceptance of the wage award, John L. Lewis, international president of the mine workers announced. Official statements of the proceeding and action of the conference signed by the international officers also will be sent.

"This action will avoid any necessity for cessation of operations in the bituminous industry," Mr. Lewis said, "and will fully protect the public by continuing the supply of coal after April 1, pending the negotiation of a new contract."

"I believe the action of the mine workers and the operators in the conference was wise and logical and will be unanimously complied with by the miners throughout the country."

Sub Committee Named.

After adopting the award the conference appointed a sub-committee to carry on the negotiations of a new wage contract for the bituminous workers based on the commission's report. This committee consisted of the international officers of the mine workers and two operators and two miners from each of the four states of the Central competitive field.

The personnel of the sub-committee follows:

Miners—John L. Lewis, president; Philip Murray, vice-president; William Green, secretary and treasurer, all international officers; John Moore and G. W. Savage, Ohio; Robert Gibbons and William Hargest, Western Pennsylvania; Edward Stewart and William Mitch, Indiana; Ben Williams and Richard McCallister, Kentucky.

Operators—P. H. Penna and M. L. Gould, Indiana; J. H. Donaldson and William Henderson, Western Pennsylvania; C. E. Maurer and Michael Gallagher, Ohio; E. C. Seales and Herman Perry, Illinois.

The committee will hold its first conference tomorrow morning.

The sub-committee probably will complete its work and reach an agreement by the first of next week, Mr. Lewis said tonight.

Secretary Green of the mine workers said it would cost his organization more than \$4,000 for telegrams to notify the local unions of the acceptance of the wage award.

"We want to prevent any cessation of work in coal districts," he said, "and to keep the men at work on April 1. The first messages will go out tonight."

Huge Increases Allowed.

The increase in wages to the miners under today's agreement amounts to approximately 27 percent including the 14 percent granted by Fuel Administrator Cawfield which the miners are now receiving.

The increase is approximately \$96,000,000 more than the advance allowed by Administrator Cawfield, according to the report of the coal commission. The total increase in wage cost is given at \$200,000,000.

The award directs that the increase be apportioned between the different groups of workers and classes of work as follows:

Tonnage rates, pick and machine, to be increased by 24 cents; rates for all vardere, dead work, narrow work and room tonning to be advanced 30 percent and compensation of day wage men to be advanced 30 percent.

The commission's report points out that the wage advances granted to miners in the central competitive district between 1913 and October 31, 1919, when the Cawfield award was made, averaged 42 percent for tonnage workers and 76 percent for day men.

The Shorter Day Plan.

The first matter to come before the sub-committee in completing the new agreement will be the question of a shorter work day, representatives of the mine workers declared tonight. The soft coal miners will attempt to get a seven hour day after the commission's decision that the present working day of eight hours be continued on the basis of the award and defined by minority vote.

## DEATH CAME MONDAY TO CHARLES H. WALKER

Well Known Resident of City Passed Away Monday Night After Brief Illness—Funeral Arrangements Not Yet Completed.

Death came last night to Charles H. Walker, a long time and well known resident of Jacksonville. Mr. Walker had not been strong for a number of months but his final illness was of two weeks' duration, and he passed away as the result of a complication of diseases. The deceased was born at Manchester, New Hampshire, Dec. 8, 1844.

He grew to young manhood there and in 1871 was married to Miss Grace Greenwood Goodhue of Laconia, New Hampshire. They came almost immediately to Jacksonville to establish their home. Four children were born to them, a daughter dying in infancy. The three sons survive and are W. W. Walker, Jacksonville; C. E. Walker, Baird, Texas, and W. A. Walker, Decatur, Ill.

Mr. Walker was for many years employed at the Central Savings Bank and after that institution closed was in the employ of the Jacksonville Southern road. He remained thru several changes of management until the railroad passed in to the hands of the Burlington, serving the most of the time as storekeeper. Still later he was an employee of the M. P. Ayers & Co. bank and when the Farmers State Bank & Trust Co. was organized went to that banking house. Thru all the years Mr. Walker lived in a way which gave him the confidence and the friendship of his employers and co-workers.

As a boy and young man he had more than the usual advantages of education and was besides a man who read widely. He was competent for the various duties that came to him from year to year and such scrupulous faithfulness marked the performance of all his tasks that he was known as a man to be entirely relied upon.

The deceased was a member of the 11th Massachusetts cavalry and served thruout nearly the whole period of the war of the Rebellion. His services to his country were of a kind of which he had reason to be proud. He was a member of the Grand Army of the Republic and was a citizen whose loyalty and patriotism were cardinal things. It is given to few men to amass wealth, and Mr. Walker was not of that number, but his life demonstrated that money is not the true measure of either success or influence, and he has gone to receive the reward that is due to those who live faithfully, leaving to his family the great heritage of a good name.

The funeral will be held at the residence, 321 Franklin street, at a time to be announced later.

## KENTUCKY MOB TAKES ACCUSED NEGRO TO JAIL

Paris, Kentucky, March 29.—Grant Smith, negro, charged with criminal assault, was removed from the county jail here early tonight by a mob of fifty men, who placed him in an automobile and rushed him out of town. Members of the mob, as they left the city, announced their intention of hanging the negro from a bridge at Millersburg, nine miles away.

Lexington, Ky., March 29.—A report received here tonight from Maysville, stated that the mob which early tonight captured Grant Smith, negro, from officials at Paris, was burning him at Bluelick, Fleming county. All wires into Fleming county are down, due to yesterday's storm, and so far it has proved impossible to verify the report.

## PLAN TO RECEIVE PRINCE OF WALES

Panama, March 29.—The Prince of Wales is expected to arrive at Cristobal aboard the British Cruiser Renown tomorrow morning. After a salute of 21 guns the prince will be received by A. P. Bennett, British minister to Panama with his staff, and Commander Sargeant, marine superintendent of the Panama Canal board. The Renown will then proceed to the Gatun locks, where the prince will inspect the 33rd Infantry guard, the locks, the control house and the spillway.

This afternoon at three at home of Mrs. John L. Johnson, 225 Lockwood Place, there will be a tea for the benefit of the Girls of the State street Presbyterian church.

"would be equivalent to an additional cost of over \$100,000,000. The question of appointing a commission of miners and operators to make a complete study of conditions in the central competitive fields, wage earnings, production costs and competitive relations, as well as the checkoff system of collecting dues for the United Mine Workers of America, will also be given early consideration.

Approximately 150 representatives of the mine workers met here today for the benefit of the John P. White, former international president of the mine and their representative on the president's coal commission addressed the men explaining the various clauses in the award and defined by minority vote.

## SUMMER CAPITAL PLANS UNFOLDED AT WASHINGTON

Wilson Will be Established at Woods Hole, Mass.

WASHINGTON, March 29.—President Wilson will spend the summer at Wood's Hole, Mass., where the summer white house will be established on estate of Charles R. Crane, the Chicago business man recently appointed minister to China.

Arrangements already are being made for moving the president and his family and a good part of the executive office, there for at least two weeks of June and all of July and August. The Crane estate is an extensive country place which overlooks Buzzards Bay and Vineyard Sound.

continues to improve.

The decision to take the president away for the summer is interpreted at the white house as further evidence of the continued improvement in health which Dr. Grayson, his personal physician has been reporting.

The plan to spend the summer on the New England coast, Dr. Grayson said meant that the president could continue the program of motor riding, possibly some short yachting trips, probably on the Mayflower and might even get in a few holes of golf if his improvement continues. The trip from Washington will be by train, the Mayflower going up later.

Last summer, like his first in office, the president spent in Washington. Others have been spent at Cornish, N. H.

The first summer which was a very hot one, Mr. Wilson put the air cooling plant in the white house offices out of commission and announced that inasmuch as he was asking congress to stay in session in the capital thruout the summer, he would undertake it himself and he did so.

Long Confined to White House.

He did not return from the peace conference at Paris last year until mid-summer and he spent the next few weeks preparing for his long speaking trip in the west which he returned a weaker sick man. To use the expression continued in Dr. Grayson's official bulletin and a few occasional rides of late, he has been confined to the white house grounds ever since last October.

Under present arrangements the president will be in New England while the Democratic national convention is in session in San Francisco, altho congress from all indication now will nominally be in session but actually will be transacting no business by gentlemen's agreement between the leaders. The usual staff of secretaries, clerks, stenographers, and secret service men will accompany the president and a special telephone and telegraph wires will be installed.

Many Attractions at Woods Hole.

Woods Hole, Mass., March 29.—Residents of this village, when informed tonight that President Wilson was to spend the summer at Juniper Point, the home of Charles R. Crane, who has from the standpoints of seclusion and picturesqueness he could not have made a better choice. The 150 acre estate covers the entire point which is the southwest tip of Cape Cod. A Japanese garden, laid out from ideas gathered by Mr. Crane in his visits to the Orient, is an arresting feature. There are artificial ponds and tennis courts together with a private pier and a small beach.

Mr. Crane's "cottage" contains twenty rooms. On the estate are two other houses, one of which has been occupied for the last three summers by Secretary Houston of the treasury department.

There is a golf course not far from the village where it is possible that the president may be able to obtain some exercise.

## A HANDSOME GIFT

Mr. and Mrs. Albert E. Curry and baby of Pisagah were in the city yesterday riding in a magnificent new Essex roadster, a gift from Mr. Curry to his wife.

## EUGENE SCOTT AT DETROIT

Eugene Scott of Markham, has accepted a position with the Clover Leaf Insurance company. He will be stationed at Detroit.

## WEATHER INDICATIONS AND TEMPERATURES

The current, maximum and minimum temperatures as recorded Monday were:

Jacksonville, Ill.	54	58	49
Boston	54	56	49
Buffalo	54	49	40
New York	58	58	49
New Orleans	66	70	61
Chicago	54	46	40
St. Louis	54	42	40
Detroit	40	40	36
Indianapolis	44	44	36
Helena	46	46	36
San Francisco	62	69	51
Winchester	52	52	40

## A BOYCOTT THAT WILL RE-ACT.

In Chicago most of the members of the carpenters' union are said to have joined in a boycott purposing to prevent the shipment of portable houses to that city. This plan of portable houses has been suggested as feasible to help meet the difficult housing situation. Now the carpenters are seeking to block the plan in order to stimulate building.

The Chicago papers have the best of the argument in pointing out to the carpenters what would happen to Chicago if other cities where Chicago products are now

considered, should join in a boycott against goods produced in that city.

## ILLINOIS 94 PER CENT FOR LOWDEN.

A poll for president recently taken in various states by the New York Sun and Herald shows Illinois to be overwhelmingly for Gov. Frank O. Lowden.

The newspaper poll was based on reports made by the chairman of every Republican County Central Committee in the State.

It showed 94 per cent for Gov. Frank O. Lowden, 3 per cent for Senator Hiram W. Johnson, 3 per cent for Charles S. Hughes and none for Gen. Leonard Wood. The presidential preference primary in Illinois will be held April 13.

Now that it is known that the president will establish the summer capital on the estate of Charles Crane in Massachusetts, it is apparent why the Chicagoan was named to an important diplomatic post.

## EVEN THE STATE REGISTER

Speaking of the president, it is interesting to note that such a friendly and partisan paper as the Illinois State Register is now venturing to say that even Mr. Wilson sometimes errs. Under the caption, "The Conspiracy," the State Register recently said:

"President Wilson makes mistakes as does every human being. He has lacked warmth and been too exclusive. On the peace treaty he erred in not placing responsibility upon the senate majority, forcing the best compromise he could and thus keeping the league of nations out of the campaign."

## SOME INTERESTING FIGURES

It must be quite disconcerting for opponents of municipal ownership to read the report made public for the city water, light and power plants owned by Springfield. This department is managed by Commissioner Spaulding and the report recently made by an auditor shows net earnings for the year of \$86,382. The auditor declares that this showing is made after proper deductions for depreciation and proper charges for all operating expenses.

W. J. Bryan is attacking the record of Senator Hitchcock of Nebraska on the ground that the senator has opposed both prohibition and woman's suffrage. Republicans are not so much interested in the subject matter of this controversy as they are in the contribution it will make to the Democratic discord.

## DICTATORSHIP IN ELECTIONS

Excessive use of money in political campaigns is an evil, as no one will question. But it is not so great an evil as improper use of official power for the purpose of controlling an election.

Excessive use of money often, and perhaps most frequently, rests upon the users. Exercise of official power to control an election is an insidious menace to popular government for various and obvious reasons.

In the first place, official power is a public trust to be exercised in behalf of all the people. The public official is a servant, not a master, and whenever a public servant undertakes to use his position to control an election, he arrogates to himself the power of a master. It is nothing less than attempted usurpation. It is a particularly insidious form of political corruption, for it is to a large extent perversion of power. The man who possesses official power does so as the agent of all the people, practically half of whom are of the opposite political party. When, therefore, an official of either party tries to use his official influence in behalf of his party, he betrays approximately half the people of the country.

One other important consideration in connection with this form of political corruption is that the official who uses his trust to betray the people is not amenable to the criminal laws while the man who uses money excessively is responsible to the courts.

Rippling Rhymes  
By Walt Mason

**Ever Higher.**

We all are after higher wages, the old time stipends won't suffice; and even clergymen and sages rear up and say they've raised the price. The price is multiplied by seven, though nothing has increased in worth; it costs us more to go to heaven, it costs us more to stay on earth!

Today I met a sad-eyed father, whose firstborn just arrived on deck; he said, "It is a beastly bother—its left my bank account a wreck. The doctor soaked me good and plenty, though he just came and skipped away; the nurse, a dame of three times twenty, demands five sesterces a day. This offspring's graft is vain and giddy, it leaves me with two aerie feet; how shall I feed that little kiddie, when he is old enough to eat?" And then I met the village sexton; he said he'd dug a grave for Jones; "it was a bargain, but the next 'un will cost the buyer two more bones." The price of everything is rising, each day it makes record new; the blamed thing gets us when we're coming, it gets us when we're going, too.

Harmony Lodge, No. 3, A. F. & A. M., will hold a special meeting this evening at seven o'clock. Work. All brethren welcome. A. M. Robinson, W. M. John R. Phillips, Secy.

## FINAL RITES SAID FOR MRS. R. L. PYATT

Were Said at Central Christian Church Sunday—M. L. Pontius Paid a Beautiful Tribute to Mrs. Pyatt.

The auditorium at Central Christian church was crowded Sunday afternoon by friends and relatives gathered for the funeral services of Mrs. R. L. Pyatt.

Mrs. Pyatt had been active in all branches of church work thru many years and the pastor, M. L. Pontius paid a beautiful tribute to her memory.

Two solos were given by Miss Miller of Illinois Woman's college.

Mr. Pontius read the following obituary of Mrs. Pyatt: Betty C. Pyatt was born March 7, 1870 in Flag Springs, Mo. She entered into rest March 25, 1920. She was the daughter of Mr. and Mrs. Frank Curtis. On August 2, 1894 she was united in marriage to Richard Pyatt. To them were born three children, two of whom survive the mother, Lucie and Helen. One baby boy died in infancy. Mrs. Pyatt was an active member of the Central Christian church. She is survived by her aged mother, husband, two daughters, one brother and many other relatives and friends. The following was Mr. Pontius' text: "She hath done what she could." Mark 14:8.

"Mrs. Pyatt was a faithful Christian. The text forms a very appropriate epitaph for her. She gave her life in an unstinted manner to her aged mother, her husband, her daughters. Her Christianity found expression in a life of unselfish service. She was pleasant, genial and unusually optimistic. She thought of others rather than self. Such an one lives, not only in the spirit realm, but in the lives of those whom she leaves behind.

"To her death is a sleep, a sleep from which there will be an awakening into life eternal. "To her death is an exodus. An exodus of the soul from the body and away from the limitations of the material existence of a temporary world.

"To her death is an unmooring. The unmooring, experience was accompanied by a faith that transcended the physical and material.

"To her death is a home coming. The spirit had directed the physical life. That spirit has now gone home to God.

"Then 'Let not your heart be troubled. Believe in God; believe also in me. In My Father's House there are many mansions; if it were not so I would have told you.'"

There was a profusion of beautiful flowers and these were cared for by Miss Lydia Hunt, Miss Spruit, Hilda Ator, Mildred Henderson and Margaret Todd.

Following the services at the church the funeral cortege moved to Diamond Grove cemetery where interment was made. The bearers were: L. P. Randall, James Strawn, W. F. Widmayer, Samuel Hutz, R. T. Cassell and George W. Davis.

**REMOVES TO NEW LOCATION**  
H. W. Sparger has removed his Cleaning Plant from 315 West State Street, to the rooms over Healy's on West State Street. He is now ready to receive his customers at this location.

## PLANT CONTRACTS LET BUT MORE FUNDS NEEDED

The city council last night awarded contracts for the filtration plant and power house. It should be made clear, however, that there are not sufficient funds available for the completion of these plants. The present funds available for the filtration plant of \$7,736 short of what the plant will cost. The funds available for the power plant are \$1,812 short of what the building alone will cost. This means that additional funds must be found for the completion of the filtration plant and that at least \$30,000 must be secured for equipment of the power plant and the removal of the machinery from the present plant to the new plant.

The expense figures for both plants have been cut to such an extent that it is probable contingencies will arise and a shortage occur which must be supplied from the general fund. There is a deficit in the general fund of \$13,000 from last year and there are so many things that should be done in the course of 1920 that the council very greatly regrets the necessity of further demands on that fund.

The warning is sounded at this time and due notice of the condition given so that the public may understand that certain expected betterments cannot be made this year. All thru the 12 months there will be the necessity of skipping and saving.

The general figures referred to above are as follows. They will be presented more in detail at another time.

Lowest Bid on Filtration Plant.....\$64,650.00  
Funds Available.....\$7,736.50

Shortage.....\$ 56,913.50

\*Lowest Bid on Power House.....\$45,812.00  
Funds Available.....\$44,000.00

Shortage.....\$ 1,812.00

\*This is for building only. At least \$30,000 more is needed for equipment, removal or present plant, etc.

## A BAD BURN

Dr. G. W. Miller of Woodson is nursing a sore right hand, the result of an accident which occurred when he was attempting to do a little cooking on his own account. He was handling a vessel in which was some lard and it suddenly spurted out and badly burned several fingers on his right hand. Dr. R. R. Jones was at once called and gave the necessary attention and the good doctor is getting along as well as could be expected but a pet of that kind is not desirable.

**Dangerous Hours**

A Paramount Arteract Picture

Adapted from the Saturday Evening Post Story, "A Prodigal in Utopia," by Donn Byrne.

**Human Wolves**

They have broken in! Howling at all that is holy—Ranting at law, sneering at decency—Scattering red poison from mouths that prate of "humanity"—Working, perhaps in your home! They have broken in! Burning, bombing, slaying—Embasing the dreamers, drones and vandals in a crimson crusade.

See them in "Dangerous Hours." A soul-stirring love-drama of this hour. The story of a young American, clean and fearless, who joined the pack to "help mankind"—Injured his friends—forsook his father—wronged the woman who loved him—turned to a woman who dragged him down.

**See—**

The Great New England strike riot. Blocks of buildings set afame by fanatics. The crimes of the Red Guard. The "nationalization" of Russian women. The gathering of the Soviet. The secret plottings of the "Committee of Terror" in America. Scenes of daring, sacrifice, passionate love.

ETHEL CLAYTON in "YOUNG MRS. WINTHROP"

**An Important Message To Suit Buyers**

—We are busy on Easter orders, but can accept a few more for Easter delivery if received early.

—Always the well dressed man has had his garments tailored-to-measure.

—This practice daily is becoming more prevalent.

—There are several reasons for this, but the most important is the question of price.

—Tailored-to-measure clothes always look better and wear longer than do factory-made—an undisputed fact.

—Ready-made clothing, quality for quality, now is as expensive as tailored-to-measure.

—Hence the increasing numbers of men wearing tailored suits.

—Present high prices make it incumbent upon every man to get the most for his money—in clothing it will be found in tailored-to-order.

—Our spring woolen stocks are in and we ask your inspection.

## Sure Relief

## WHEN YOU SUFFER FROM RHEUMATISM

Sloan's Liniment should be kept handy for aches and pains.

Without rubbing, for it penetrates, apply a bit today to the afflicted part. Note the gratifying, clean, prompt relief that follows. Sloan's Liniment couldn't keep its many thousands of friends the world over if it didn't make good. That's worth remembering. All druggists—three sizes—the largest for utmost economy. 35c, 70c, \$1.40.

## Sloan's Liniment

## Bad Sickness Caused by Acid-Stomach

If people only realized the health destroying power of an acid stomach—the many kinds of nervous troubles they would guard against. As carefully as they do against a deadly enemy. You know in an instant the first symptoms of acid stomach—burning, sour, gassy stomach; belching; food repeating; heartburn, etc. Whenever these occur, this is your warning. You should lose no time in putting it to rights. If you don't, serious consequences are almost sure to follow, such as intestinal fermentation, indigestion, impairment of the entire nervous system, headache, biliousness, cirrhosis of the liver, sometimes even cancer of the stomach and intestinal ulcers and cancer. If you are not feeling right, see if it isn't acid stomach that is the cause of your ill health. Take EATONIC the wonderful modern stomach remedy. EATONIC Tablets quickly and surely relieve the pain, belching, and heartburn that indicate acid stomach. Make the stomach strong, clean and sweet. By keeping the stomach in healthy condition so that you can get full strength from your food, your general health steadily improves. Resistant to marasmus. Just try EATONIC and you will be as enthusiastic as the thousands who have used it and who say they never dreamed anything could bring such marvelous relief. So get a big 50-cent box of EATONIC from your druggist today. If not satisfactory return it and he will refund your money.

## EATONIC

FOR YOUR ACID-STOMACH

## The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Easily prepared, and saves about \$2.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly heals the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract famous for healing the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept any thing else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

## CITY AND COUNTY

L. A. Seymour arrived in the city from Nortonville yesterday. Stanley Scott helped represent Manchester in the city yesterday. B. W. Brown of Alexander was one of the city's callers yesterday. Thomas Bequel of Murrayville was a traveler to the city yesterday.

226 South Sandy Street

PREPARING the Spring seed bed is a quick, sure job for the Bates Steel Mule.

Its crawler traction does not slip on the soft ground and therefore allows double disking and harrowing in one operation.

It also does this work at a fast speed, thus making a finer seed bed than is possible with most tractors.

The Bates Steel Mule does not pack the ground because of the broad crawler surface and allows the tractor to rest on top of the ground as lightly as a child's foot.

The front wheels make easy steering and comfortable riding.

Descriptive catalog mailed upon request.

## AGED RESIDENT OF WINCHESTER DIES

Theophilus Dawson, called by Death Saturday Night—Baptist Women Hear Y. W. C. A. Worker's Address—Other Winchester Items.

Winchester, March 29.—Many in this community were surprised to hear of the death of Theophilus Dawson, which occurred at 12 o'clock Saturday night. The deceased had been in poor health for some time but few knew of his serious condition. Mr. Dawson was born and reared in Scott county and was sixty years of age the first of last January. He was the son of William and Eliza Dawson, and was one of a family of seven children. For years Mr. Dawson had lived with his aged aunt, Miss Miranda Penton, the latter having been a member of his father's household for a long period.

The deceased is survived by one sister, Mrs. R. T. G. Coultas of near Riggston; three brothers, Miles Dawson of near Winchester; Thomas Dawson of Jerseyville and Charles Dawson of near Chicago. Two sisters died some years since.

Mr. Dawson was well known throughout Scott county and had many friends, all of whom will regret to know of his death. The funeral arrangements have not yet been fully completed but it is expected the services will be held Tuesday afternoon from the late residence, in charge of Rev. C. W. Caseley. Interment will be made in Kincaid cemetery.

A number of women met at the Baptist church Monday to meet Miss Strohn of Chicago, Y. W. C. A. worker, who addressed the women particularly on the educational and financial program. The local committee on this program includes Mrs. Claude Burrows, Mrs. George Smith and Miss Louise Frost. A number of precinct committees were appointed and following the transaction of business a luncheon was served. Altogether it was a very pleasant and interesting occasion for the women present.

Rev. H. D. Trickey returned Monday afternoon from Argenta.

Melvin Murray and family arrived Monday from Quincy where they have been visiting Mr. Murray's parents. They have spent the past year at Mercedes, Texas.

Miss Lizzie Coultas has returned home from LaHarpe, where she visited relatives the past week.

Superintendent R. G. Smith of White Hall visited his brother, C. W. Smith and family, Friday and Saturday.

Lloyd Griner, wife and little daughter, arrived from Cleveland, Ohio, Friday to visit Mrs. Griner's parents, Mr. and Mrs. John Lashmet.

Edward Waters and son Will have returned to their home in Springfield after a business visit here.

Miss Dorothy Warton returned Sunday from her home in Griggsville where she spent the week end with her parents.

The wind storm which visited this vicinity Sunday resulted in some damage to property, but nothing of a serious nature was reported. A part of the roof was blown from the city drug store building and a number of trees were blown down. In the Sand Ridge neighborhood the sand was blown into drifts as high as the fence tops.

**MUSICIANS GRAND BALL**  
K. of C. hall, Tuesday, April 6. Big orchestra. Special music.

caller in Jacksonville yesterday. Guy Smith of Murrayville was among the Jacksonville visitors yesterday.

## LITERBERRY

Miss Lulu Henderson spent the week end at the home of Mr. and Mrs. Ora Holmes at Peotice. Mr. and Mrs. John Young and daughter Helen spent Saturday and Sunday with Mrs. Young's parents, Mr. and Mrs. W. H. Lancy at Ashland.

Mrs. Lizzie Coons has returned to her home in St. Louis after a visit of several months with relatives in this vicinity.

W. W. Young spent Sunday with friends in St. Louis. Walter Long and family were guests Sunday at the home of the former's mother, Mrs. J. H. Long, in Jacksonville. Miss Helen Long, Byron and Raymond Long and Mr. and Mrs. Everett Long were also visitors at the Long home in Jacksonville Sunday.

Alonso Ratliff has returned from a few days' visit in Murrayville.

George and Charles Ratliff of Murrayville were the guests of relatives in Literberry Sunday.

Men desiring Hats of approved styles made by skillful hatters will be pleased with the Spring Hats shown by FRANK BYRNS Hat Store.

## JOHN FRANKS BUYS OPERA HOUSE BUILDING

Will Remodel Front of Building Into Hotel With Ninety Rooms—F. W. Siebert Will Manage Theater.

As announced in the Journal Sunday morning the sale of the Grand Opera House building was officially consummated Monday when it passed from John Anderson to John Franks. Possession will be given April 1st.

The building had been owned by Mr. Anderson for a period of three years. He recently has made extensive improvements in the theater which makes it one of the best equipped and handsomest houses in the state.

Improvements also are under way in the part of the building used for commercial purposes and a hotel. When these are completed the new owner will have a hotel of ninety desirable rooms, something which is badly needed as the present hotel facilities are not nearly adequate.

Speaking of the hotel feature last night the new owner, Mr. Franks, said that work of remodeling the hotel would be carried on as fast as possible. While nothing definite is known as to when the hotel will open Mr. Franks said it would be at the earliest possible moment as he realizes the need of hotel accommodations in Jacksonville.

The improvements have been carried out in the theater by Joseph DeGoveia. Mr. Goveia has planned all of the changes in the theater and they have made a great improvement in the building. Among other things is a solid wall between the theater and the remainder of the building. Mr. Goveia also has plans for the other improvements and will push them forward as rapidly as possible.

Immediately after the deal had been closed Mr. Franks announced that F. W. Siebert had been employed as manager of the theater. Mr. Siebert has had experience in this work. During the seasons of 1911 and 1912 he managed the theater for Holmes and Kanser.

He has a large acquaintance in the city will have the best wishes of his friends for success in his venture. For the present the house will continue to give three shows each day and large road attractions will be booked whenever possible.

The new owner is well known in the business life of the city. He has for many years conducted a bakery and grocery store on West Lafayette avenue and has been identified with other business ventures.

John Anderson, the retiring owner, whose home is in Springfield, will return to that city. He expects to make a trip to Sweden this summer to visit his mother and other relatives.

See the large assortment of SPRING HATS shown by FRANK BYRNS Hat Store. Your style and size awaits you.

## City and County

J. J. Clark from Arcadia was a visitor in Jacksonville Monday. James Martin from north of the city was a caller Monday. E. A. Sawtell from west of the city was a business caller Monday. Julius Ehrlich from northwest of the city was a business caller in Jacksonville Monday.

D. W. Samman of Exeter was transacting business in the city Monday.

Roy Dyer was among the Jacksonville visitors from Murrayville yesterday.

Arthur VanWinkle was a Jacksonville visitor from Franklin yesterday.

Martin Aring from west of Chapin was a business visitor in Jacksonville yesterday.

Charles Blending of Markham was a business caller in Jacksonville Monday.

Miss Dolly Liesenfelt of Roodhouse is spending a few days in the city.

Harry Kitner, route No. 1, was a business caller in the city yesterday.

Alexander Granson from northeast of the city was a business caller in the city yesterday.

Mrs. C. L. Beerup of Franklin was a Jacksonville shopper yesterday.

**NOTICE**  
The public sale of Chas. Leske has been postponed until Tuesday, March 30, at 10 a. m. sharp.

## Deaths

Evans.

Dorothy Mae Evans died at the family home, 746 Allen avenue at 2:30 o'clock Sunday afternoon. Deceased was the daughter of Winter S. and Jennie Davis Evans and was born December 19, 1918. Besides the parents one sister, Harriet Irene Evans survives. Funeral services will be held from the residence, 746 Allen avenue at 2 o'clock this afternoon in charge of the Rev. A. A. Todd. Burial will be in Diamond Grove cemetery.

Kehl.

The infant child of Mr. and Mrs. Harry E. Kehl of 653 Hardin avenue died at Our Savior's hospital Sunday evening. The remains were taken to Reynolds' mortuary and prepared for burial and will be taken to Virginia for burial, the parents formerly resided in that city.

Worthington

Mrs. Hannah C. Worthington died at the home of her daughter Mrs. A. L. Adams, 871 West College avenue at 2 o'clock Sunday afternoon.

Deceased was the daughter of James and Lettie C. Worthington and was born in Allegheny, Pa., March 23, 1848. She was united in marriage at Pittsfield in 1867 to George Worthington.

To this union five children were born, Paul Minna, Helen George and Robert. Her husband preceded in death several years ago.

Mrs. Worthington had been a resident of Illinois for fifty years, most of that time being spent in Pittsfield. She was a member of the Congregational church of that city.

Funeral services will be held from the Adams home at 11:30 o'clock this morning in charge of the Rev. W. H. Marbach. The remains will be taken to Pittsfield at 12:45 o'clock Tuesday afternoon where burial will be made in West cemetery.

Wyeth

William F. Wyeth of Charleston died at 806 South Diamond street Sunday morning. He was a prominent farmer of that vicinity and had not been actively engaged for a number of years. The remains were removed to the Reynolds' mortuary and prepared for burial. They were taken to Charleston where funeral services will be held and interment made.

**NO REGISTRATION**  
There will be no registration today and two weeks hence for the municipal election. It was thought at first that it was required. However, City Attorney Bellatti and Former City Attorney John J. Reeve both are of the opinion that registration is not required, so there will be none at the various voting places today. Incidentally it will save the city considerable expense.

**With the Sick**  
J. M. Gilbert of Rural No. 1 was in town yesterday for the first time after a severe illness. He is yet weak.

William Oxley of the Durbin neighborhood is dangerously ill and not expected to recover.

Daniel Baha is out after a siege of seven weeks.

Miss Laura Hammond is recovering from an attack of pneumonia and is able to sit up some each day.

Miss Ilma Brown is again at her place in Herman's establishment after an illness of a few days.

Miss Mabel May has recovered from her recent illness and is again at her desk in Andrew's Lumber Company's office.

Large men can secure roomy comfortable night shirts and pajamas of FRANK BYRNS Hat Store.

Now Gives "The Famous" S. & H. Green Trading Stamps as a Discount on All Cash Purchases

Biggest and Best of All Economies

The announcement we are making here is of importance to our friends in this and surrounding territory who believe in practicing economy and thrift. We are now giving the Nationally known "S. & H. Green Trading Stamps as a substantial discount on all Cash Purchases made in our store. We believe thoroughly in the co-operative principle; and after careful investigation have installed this service as being the form of co-operation which will give to our customers the largest amount of saving on their purchases, consistent with the quality of merchandise, the prices, and the service which we have been giving them. You are able in this way to get a return on your purchase which it would not be possible for us to afford or to offer you in any other manner.

Our methods of doing business are well known. We shall strive in the future as in the past, to sell goods which are honest and dependable, and at the lowest prices which are fair to ourselves, while maintaining the same good service you have a right to expect.

## JONES ENTERED NUMEROUS ORDERS

ircuit Court in Session Monday—  
Hearings Delayed From Febru-  
ary Held.

Judge Norman Jones presided  
in the Morgan county circuit court  
Monday and entered orders in a  
number of cases after hearing mo-  
tions by attorneys. The court will  
be in session again today. Judge  
Jones comes at this time because  
he was unable to be here in Feb-  
ruary on account of illness. He  
will probably adjourn the Febru-  
ary term at this time.

The following orders were en-  
tered Monday:

**Law Cases**  
Norah Bundy vs. C. & A. Rail-  
road, case. Suit dismissed on mo-  
tion of plaintiff; cause settled.

Daniel P. Smith vs. J. A. Pasch-  
ell, assumpsit; rule on plaintiff to  
show cause for failure to pay main-  
tenance by May 1. John S. Sheppard et al. vs.  
Benjamin D. Cade, assumpsit; de-  
claratory judgment on motion of de-  
fendant. Leave granted defend-  
ant to file pleas by May 1.

J. E. Anthony for use of Jacob  
Owen & Son, partners, vs. Illinois

## Feeds the Nerve and Brain

Do you feel nearly down and out—physically and mentally—  
lacking in energy and ambition—can't eat half the time—don't  
care whether you do or not?

That's just the time you need something to stimulate that  
blood flow—something to increase its nourishing properties—something that  
is a nerve and brain food as well.

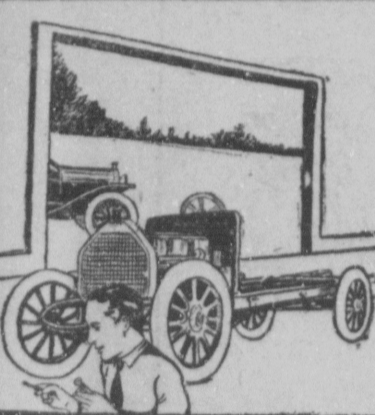

## Nyal's Nutritive Hypophosphites will do that and more, too

—It will put rich, red blood in your veins—brace up your  
nerves—strengthen your appetite—nourish the body tissues—  
strengthen the muscles and build up the entire system—all you  
with energy—give you a buoyant step and make life worth  
while.

The certain result is complete restoration to health.  
A large bottle for One Dollar.

## Stop AND Think

We can sustain life only by the product of the soil or  
sea. Because of the scarcity of land people are go-  
ing to the cities, but they must get their food from  
the farms.

Land is a safer investment than government bonds.  
Governments rise and fall but the peasant remains  
with his land.

Moral:—BUY LAND—We Have it to Sell

## RICH BACHELOR WANTS WIFE

"Many people have blamed me  
for not getting married. Since  
childhood I have suffered from  
stomach and liver trouble, never  
being able to get any medicine or  
doctor to help me. Now that  
May's Wonderful Remedy has en-  
tirely cured me, I am anxious to  
get a wife." It is a simple, harm-  
less preparation that removes the  
catarrhal mucus from the intes-  
tinal tract and always the inflam-  
mation which causes practically  
all stomach, liver and intestinal  
ailments, including appendicitis.  
One dose will convince or money  
refunded. For sale by all drug-  
gists.—Adv.

## MEN, HERE'S REAL AF- TER-SHAVING COMFORT

Good-bye, tender skin! Good-  
bye burn and smart! Here's a  
way to get rid of it all. After the  
shave, rub Turpo on the face and  
throat. Then apply a hot towel.  
My boy! Repeat every day  
until your skin is firm and sound.  
Turpo is Turpentine, Menthol  
and Camphor combined in a gold-  
en salve. Three safe, old time  
remedies with a century-old rep-  
utation. You'll need Turpo for lots  
of injuries and ailments. Get a  
jar today from your druggist.—  
Adv.

## SORE THROATS, COLDS MEN, HERE'S REAL

Quickly Relieved by Hamlin's  
Wizard Oil

Hamlin's Wizard Oil is a simple  
and effective treatment for sore  
throat and chest colds. Used as a  
gargle for sore throat it brings  
quick relief. Rubbed on the chest  
it will often loosen up a hard,  
deep seated cold in one night.

How often sprains, bruises, cuts  
and burns occur in every family  
as well as little troubles like ear-  
ache, toothache, cold sores, canker  
sores, stiff neck, and tired aching  
feet. Soothing, healing Wizard  
Oil will always bring quick relief.

Get it from druggists for 30  
cents. If not satisfied return the  
bottle and get your money back.

Ever constipated or have sick  
headache? Just try Wizard Liver  
White, pleasant little pink pills,  
30 cents. Guaranteed.—Adv.

Jameson, foreclosure; bill dis-  
missed on motion of complainant.  
D. H. Wesner vs. Ida Wesner,  
divorce; evidence heard on the  
charge of the defendant having  
been convicted of a felony and de-  
cree for divorce and for the cus-  
tody of the child rendered and ap-  
proved.

Flora J. German vs. Albert Ger-  
man, bill for release of dower;  
master's report approved and de-  
cree rendered and approved.

Pearl Morrow vs. Harry Mor-  
row, divorce; decree granted on  
the ground of cruelty and com-  
plainant allowed to resume maid-  
en name.

Henry Stryker et al. ex parte  
petition; referred to master and  
his report filed and approved. De-  
cree for the appointment of com-  
missioners approved and the re-  
port of the commissioners being  
approved, the decree for sale was  
rendered and approved.

In re report of Richard C.  
Reynolds as trustee of Frances  
Adams, report; trustee's final re-  
port was filed and approved and  
the trustee and sureties dis-  
charged.

Jessie L. Flynn vs. Martin E.  
Flynn, divorce; cause re-docketed  
on motion of complainant and rule  
was entered against defendant to  
show cause by the first day of the  
next term why he should not be  
attached for contempt for failure  
to pay alimony as previously or-  
dered.

tion over Heil's, W. State.

WOODSON ANSWERED  
Last fall when the writer vis-  
ited a number of schools in dif-  
ferent parts of the county he pro-  
pounded a few questions in civil  
government. The questions were  
answered as well as could be ex-  
pected by pupils of the age vis-  
ited and it remained for the  
Woodson school pupils to answer  
all.

Not long after the writer vis-  
ited the Arcadia school and there  
the same questions were an-  
swered, making the two schools a  
tie. Then the visitor asked some  
more new ones and they were an-  
swered too, putting Arcadia ahead  
but a short time since the writer  
again visited the Woodson school  
and asked the same extra ques-  
tions he asked at Arcadia and  
they were answered, so that the  
two schools are yet a tie. Per-  
haps the coming fall the two  
schools will be again visited and  
have the opportunity to answer  
some more questions.

## CIGARETTES

**AN ORDINANCE.**

Calling a Municipal Election for City Officers therein named, to be held in the City of Jacksonville, Illinois, on the 20th day of April, A. D., 1920.

Be it ordained by the City Council of the City of Jacksonville, Illinois:

Section 1.

That, as provided by law, a Municipal Election for the purpose of electing the City Officers, shall be held in the City of Jacksonville, County of Morgan and State of Illinois, on the 20th day of April, A. D., 1920; said date being the third Tuesday in April and being the date prescribed by law for the holding of such Municipal Election, for the election of City Officers.

And, at said Municipal Election the following City Officers shall be elected, to wit:

One Alderman in First Ward.  
One Alderman in Second Ward.  
One Alderman in Third Ward.  
One Alderman in Fourth Ward.

Section 2.

The places in which said Municipal Election shall be held, are as follows:

In the First Precinct of the First Ward—At Tobin's Store, 1004 East Lafayette Avenue.

In the Second Precinct of the First Ward—At the Lindsay Building on North Main Street.

In the Third Precinct of the First Ward—At Taylor's Store Room, 649 North Main Street.

In the Fourth Precinct of the Second Ward—At Mrs. W. I. Brown's Residence, West Independence Avenue.

In the Fifth Precinct of the Second Ward—At Arthur Denny's Store, West Lafayette Avenue.

In the Sixth Precinct of the Second Ward—At Briggs' Store Room, corner of Pine and Lafayette Avenue.

In the Seventh Precinct of the Second Ward—At Priest's Garage, Corner of West State Street and Fayette Street.

In the Eighth Precinct of the Fourth Ward—In the Graphic Arts Building, West Morgan Street.

In the Ninth Precinct of the Fourth Ward—At Mrs. Lillian

## Busy Women

Clean Electrically

The woman who has many interests—social, political, religious, athletic, educational—finds the electric cleaner indispensable.

Her home is not slighted but is kept in better condition with less effort, in less time. Such a woman buys an electric cleaner as an investment—as a business man buys a typewriter or installs a telephone, for sound, practical reasons.

People who know will appreciate the many good points of the Western Electric Cleaner.

Demonstrations if you wish.

## Walsh Electric Co.

300 E. State St. Phones 595

Danskin's Residence, West College Avenue.

In the Tenth Precinct of the Fourth Ward—At Mrs. Alice McCollister's Residence, 608 South Diamond Street.

In the Eleventh Precinct of the Fourth Ward—At James Ball's Residence, 803 South Church Street.

In the Twelfth Precinct of the Fourth Ward—At the County Building, Corner of Fayette and Grove Streets.

In the Thirteenth Precinct of the Third Ward—At the County Jail, on South Mauvaisterre Street.

In the Fourteenth Precinct of the Third Ward—At W. E. Boston's Store, 609 East College Avenue.

In the Fifteenth Precinct of the Third Ward—At Mrs. Victor Bergstrom's Residence, 639 South Hardin Avenue.

In the Sixteenth Precinct of the Third Ward—At Hopper's Residence, South East Street.

Section 3.

The Polls of such Municipal Election shall be opened on said date, from the hours of 7 o'clock in the morning until 5 o'clock in the evening.

Section 4.

The following persons are hereby appointed Judges of said Municipal Election, to wit:

1st Precinct of First Ward—Pat Tobin, Mary Shields, J. W. Baptist.

2nd Precinct of First Ward—A. W. Becker, Amos May, P. J. Meaney.

3rd Precinct of First Ward—Charles Blesse, E. M. Vasconcellos, Mary Wood.

4th Precinct of Second Ward—Pauline Gomes, Ada Smith, Louis Leurig.

5th Precinct of Second Ward—A. A. Dyer, Edith Denny, Mildred Cogswell.

6th Precinct of Second Ward—J. S. Sheppard, J. C. Lukeman, James Stout.

7th Precinct of Second Ward—George A. Wiseman, Hattie Williamson, H. G. Magill.

8th Precinct of Fourth Ward—Charles H. Elliott, Howard Underwood, Kate Hollinger.

9th Precinct of Fourth Ward—Lillian I. Danskin, R. P. Joy, W. A. Bancroft.

10th Precinct of Fourth Ward—H. B. Smith, A. D. Fairbank, Elizabeth Carter.

11th Precinct of Fourth Ward—Perry White, Elizabeth Spaulding, Lillie Ball.

12th Precinct of Fourth Ward—W. H. Dalton, W. H. Parrish, Eva Green.

13th Precinct of Third Ward—A. B. Opperman, J. W. Boyd, Josephine Badgrove.

14th Precinct of Third Ward—A. C. Metcalf, J. F. Kellogg, Annie E. Moore.

15th Precinct of Third Ward—J. W. Catherwood, E. A. Keating, Sadie Bayha.

16th Precinct of Third Ward—Otto Muehlhausen, W. S. Spencer, Stella Clements.

Section 5.

The following persons are hereby appointed Clerks of said Municipal Election, to wit:

1st Precinct of First Ward—James Shields, R. J. Runkle, John Shields.

2nd Precinct of First Ward—Zoe Killam, Nellie Meaney, Mary F. Becker.

3rd Precinct of First Ward—Elsie Baptist, Simeon Fernandes, Annie Blessie.

4th Precinct of Second Ward—Dorothy Bruns, Lucetta Leurig, Edith B. Woodward.

5th Precinct of Second Ward—Harold Day, Arthur Denny, Russell McConnell.

6th Precinct of Second Ward—Robert M. Capps, Kittie Reid, Margaret Magill.

8th Precinct of Fourth Ward—George Hollinger, Fred Johnson, Lena Piepenbrink.

9th Precinct of Fourth Ward—Florence Rice, Grace Gillhab, Nellie Cunningham.

10th Precinct of Fourth Ward—Geraldine Sieber, Zula Groves, Alice McCollister.

11th Precinct of Fourth Ward—Velma Rowland, Nettie Tendick, Catharine Butler.

12th Precinct of Fourth Ward—Fred Sibert, E. A. Crockett, Josephine Pyatt.

13th Precinct of Third Ward—Anna Baldwin, Emma Claus, Rose Shannahan.

14th Precinct of Third Ward—Mrs. Marie Brown, Florence Cobb, Fern Haigh.

15th Precinct of Third Ward—D. Scott Sweeney, Laura Crandall, Belle Bergstrom.

16th Precinct of Third Ward—John V. Petry, Effa Walters, Margaret M. Boston.

Section 6.

The manner of printing and distributing of ballots, the keeping of the Poll books and lists and canvassing of the votes shall in all respects be the same as nearly as may be, as in the case of the Election of County Officers under the General Laws of the State of Illinois. After the close of the Polls, the ballots shall be counted and results declared and the returns made under Seal, to the City Clerk within two days after said Election, as provided by law.

Section 7.

The City Clerk is hereby authorized to cause ballots to be printed and distributed, and is instructed to give at least twenty (20) days public notice of the Election herein provided for, as provided by law.

Section 8.

An emergency is hereby declared to exist for the passage of this Ordinance, and this Ordinance shall be in full force and effect from and after its passage, and publication.

Passed at a regular meeting of the City Council this 29th day of March, A. D., 1920.

Approved, this 29th day of March, A. D., 1920.

E. E. CRABTREE, Mayor.

Attest:  
R. L. PYATT,  
City Clerk.

## 1829 1920

## The Critical Hour Has Come

### Illinois College must raise \$500,000 at the earliest hour.

\$375,000 for Added Endowment and \$125,000 for a greatly needed Library Building.

The College can no longer hold its faculty without paying them a LIVING WAGE.

The College can not make good unless it can hold its faculty.

The College has to pay bigger prices for everything.

NOW THEN—If \$500,000.00 is to be secured, at least \$100,000.00 must come from Morgan County.

All College communities find this true.

All College boards tell us this.

Outside friends of Illinois College say the same.

It is now up to Jacksonville and Morgan County to meet the

## Supreme Test.

## MILITARY TRAINING

## THEME AT FORUM

Admiral Moore Discussed Subject Before Sunday Night Audience.

The last number on the Community Forum by Admiral Moore of Decatur was a fine effort and all who were at the Congregational church Sunday night were well repaid for their presence. The gentlemen lived in Jacksonville when a young man, his father being pastor of what was then the West Charge—now Grace church. He said in part:

"Many associate military training with militarism but that is

generally a well mouthed word of professional pacifists, playing on the feelings of tender hearted parents. In fact militarism does not follow military training. Militarism is well illustrated in the history of Germany. In 1701 the elector of Brandenburg was proclaimed king and at once began absorbing all adjacent states as far as possible and then was begun that system of militarism which culminated in the great war and downfall of Germany. In other words, militarism seeks to extend the dominion of the country by force; military training is wholly different. "Our own country has had wars. In the revolution we were technically rebels but we were fighting for freedom. The brush of 1798; the war of 1812 were in self defense; the Civil War was for the preservation of the union. There were questionable features in the Mexican war but all wrong was atoned for when we bade the French vacate after our Civil War."

"Military training teaches respect for the government and readiness to defend it. Not a soldier or sailor is lacking in patriotism. It teaches truthfulness for not a man who is a liar can get by while in the service. It teaches cooperation; the bearing of one another's burdens; it teaches devotion to duty; no true service man is always watching the clock jealous if he works a moment over eight hours or Saturday afternoon as he works for work not done. It is a good thing commercially for any man would prefer to employ a young man who had made good in the service."

"Some fear the moral side but that is a mistake. Of course soldiers are not all perfect; they swear a little sometimes and when you get together a crowd of young men there will be some who will have improper things to say and this will obtain both in and out of the service. Nearly all the time, with rare exceptions, the service man is under the eye of his superior officer who knows his whereabouts and sees that he is doing right. The enlisted man is taught reverence for a Superior Being. The U. S. flag is never dipped except in response to a salute and never lowered except during the hours of regular divine service when the white pennant with blue cross is elevated to the top and the U. S. flag is under it."

"We hear complaints of tyranny in the service but as a rule they come from men who shirk, disobey or avoid service. Respect for and obedience of officers is not humiliating. An officer is not any better than any other man who behaves himself. He is in his place for the good of the service and reasonable discipline is for good."

"I am a member of the constitutional convention and of the committee on military affairs and I suppose we shall put it in the power of the legislature to say what military training is wanted. And I feel sure if the matter were viewed in its proper light it would have the indorsement of a large majority of the people. I think 18 is a good age and I think a year is a good time and would be well spent. I have no especial system to recommend but do think a year thus spent would be profitable to the great majority of young men. I would not require any who served in the great World War to take military training but some might like to do so."

Just received a car mill feeds and a car Shumaker poultry feeds and dairy feed. Prices are advancing on these lines. Phone both No. 8. C. A. McClelland & Co. at City Elevator.

**MR. MCNEELEY'S WILL FILED**  
The will of the late G. W. McNealey has been filed in the office of County Clerk G. L. Riggs. This will was drawn March 10, 1920, and the signature was witnessed by Warren Fanning, Leonard Dalton and J. O. Priest. The testator provided that all his property should pass to his wife, Rebecca McNealey, for her lifetime. After her death the property is to be sold and an equal distribution made among the children, taking due recognition of any money due the estate from the children or any special claim against the estate that any one of the heirs shall have.

## DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once. Musterole is a clean, white ointment, made with oil of ricinus. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do. Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 20c and 60c jars; hospital size \$2.50.

## GARDEN SEEDS

We again call your attention to our line of garden seeds. They are a fresh lot and there is not an old seed among them. Every seed is tested.

## Stoves for Warm Weather

We can save you money on oil or gasoline stoves. We bought our stock before this last raise and will give you the benefit of our foresight. But we suggest to you to come in now and pick out the stove you want—tomorrow may be too late. Do not forget to order those repairs for that machine that it may be ready when you want it. Remember we carry a full line of INTERNATIONAL HARVESTER COMPANY implements and have a line of repairs for their mowers and binders

## James L. Solomon

Courtesy, Service and Quality our Motto.

"Here we are, in tip-top shape"

— Chesterfield

AND that's the way that Chesterfields always reach you—firm, fresh and in prime shape for smoking with all of their flavor and freshness intact.

Because Chesterfields are wrapped first in paper, then in tin foil, again in paper and then finally sealed in an air-tight, glassine paper wrapper.\*

It's this last and extra wrapping that prevents Chesterfields from ever becoming too moist or too dry.

Like the fine Turkish and Domestic tobaccos in Chesterfields—like the can't-be-copied "satisfy" blend, this special wrapping is another proof of Chesterfield's better quality and greater value.

Leggett & Myers Tobacco Co.

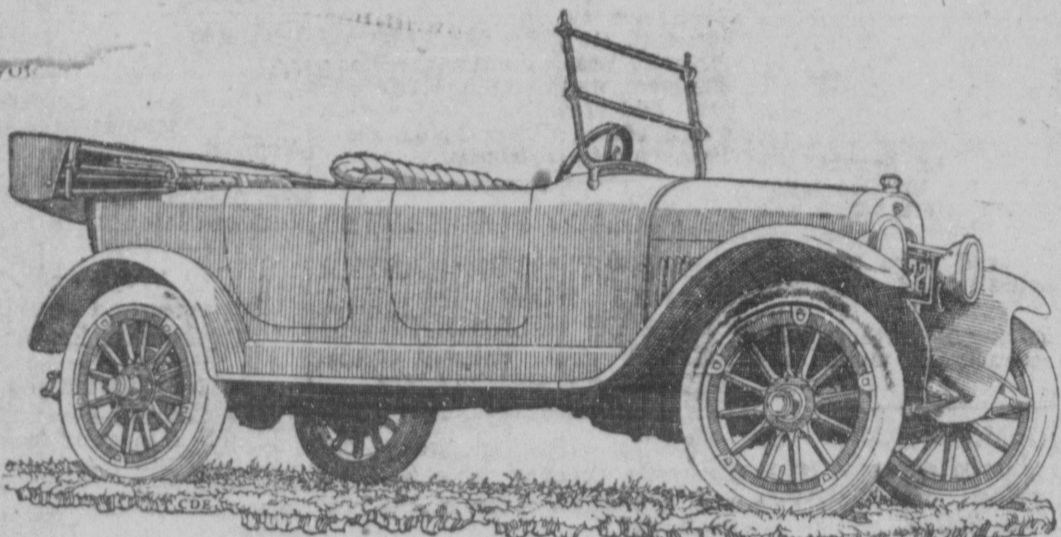

\*That extra wrapper, mind you, is the thing that keeps the flavor in.

**Chesterfield**  
CIGARETTES

They Satisfy

Pound for pound the steels in a  
**MAXWELL**  
equal those in any car

THE tendency in cars today is to reduce weight, to cut out unnecessary pounds, to take those extra burdens off the power of an engine.

In a Maxwell there is hardly a superfluous pound. Like a great cross country runner, it carries no handicap in weight.

It is made of fine steels, and these steels have that magic combination that metallurgists strive for—light weight and extra strength.

These steels are made to order for Maxwell. They are treated in great furnaces, and they are strong beyond belief. Pound for pound, they equal the steels in any car built. But they more than repay for their high cost. They wear. They stand terrific abuse. They defy time. But their greatest task is to lighten the burden of the Maxwell engine, enable it to perform brilliantly, and make gasoline deliver extended mileage.

Thus you will understand that rise of Maxwell the world over, that ever growing friendship, that ever increasing demand.

Today nearly 400,000 in use. In 1920, 100,000 more. Still this will fill but 60% of the world's requirements for this remarkable car.

#### AUTOMOTIVE MEN IN MONTHLY SESSION

Report Made of Recent Organization of State Association—More Good Roads Talk.

The Jacksonville Automotive Dealers Association held their regular meeting Monday night at the Peacock Inn, preceded by a six o'clock dinner. There was a large attendance and many matters of importance to the association were discussed. C. W. Jacobs, president, gave a report on the recent organization of a state association, a called meeting for which purpose was held in Springfield on March 22.

It is felt that a state organization will be of great benefit to all owners of automobiles, being a connecting link between the various state locals and the national, as their work is largely along the line of securing better roads, obtaining more stringent laws covering auto stealing and protective legislation generally. It is expected that many of the members of the Jacksonville local will join the new state organization.

V. R. Riley, president of the Morgan County Good Roads Association, was a guest, and gave an interesting and instructive talk on the objects of his association.

#### FRENCH MEMORIAL DIPLOMAS PRESENTED

Impressive Ceremonies Carried Out at Grand Opera House Sunday Afternoon—Main Address By Rev. A. F. Ewert of White Hall.

Several hundred persons were present Sunday afternoon at the Memorial services held in the Opera House for the purpose of presenting the French Memorial Diplomas.

These diplomas are given by the French government to the relatives of men who died in their country's service during the recent war.

The Opera House had been fittingly decorated with patriotic bunting, emblems, gold stars and flags. Special seats were reserved for relatives of the deceased and were marked off by long ribbons of the tri-color. Men in uniform were the ushers.

The local legion post under whose auspices the services were held attended in a body, each man wearing a white carnation or a white ribbon.

Following the opening selection by the orchestra, Commander R. Y. Rowe of the local post made a brief address in which he expressed the sympathy of the post for the relatives and the purpose of the meeting. Rev. H. W. Marbach offered prayer after which Mayor E. E. Crabtree expressed the sympathy of the community for the relatives of the deceased.

Rev. Mr. Ewert speaks. Rev. Arthur Ewert, of White Hall, who served in the A. E. F., made an interesting and impressive address on "The Three Miracles of the War." He told of the American soldiers who were told that America could not raise an army, and that she had no equipment for that army, no transports, and navy able to cope with the subs, and that the army if raised and transported to Europe would be inefficient.

The miracles of which he spoke were, the raising of the army from the citizenry of the United States, its transportation to Europe, and its achievements.

The numbers rendered by Miss Scheibel and Mr. Scott were much appreciated by the audience as was indicated by the enthusiastic and prolonged applause.

The pageant in which Madeleine Mayer, a native Alsacian, near whose home many of the American divisions had their first actual trench training, took the part of "La France," and Mrs. Paul P. Thompson, the part of Columbia was pretty and symbolic of the relation between the countries. A soldier and a sailor standing at attention beside the colors of the United States and France made the scene more impressive. Columbia welcomed La France and received from her one of the Diplomas for which she thanked her.

Following the pageant the names of the Morgan County dead were flashed on the screen, then the Marseillaise and the Star Spangled Banner were sung by the audience. Rev. F. F. Formaz closed the service with a Benediction.

The actual presentation took place after the service.

The committee in charge of the services was, W. T. Harmon, W. H. Marbach, Virgil Edwards and Dr. Weirich. The Legion orchestra furnished the music.

The program in full:

Orchestra—Diplomat March.

(Souls.)

Address—R. Y. Rowe, Commander Jacksonville Post, No. 27, American Legion.

#### LAWRENCE E. MILLIGAN DIES IN COLORADO

Death Came to Prominent Educator at Colorado Springs—Was Brother of Josephine Milligan of This City.

A message received yesterday by L. O. Vaught told of the death of Lawrence E. Milligan at Colorado Springs. Mention has already been made of Mr. Milligan's critical illness. Dr. Josephine Milligan and Dr. Grace Dowe had both been summoned to Colorado because of his serious illness. Altho Mr. Milligan was afflicted with a lung trouble, pneumonia was the immediate cause of his death. He is survived by his wife and three children.

Mr. Milligan was a son of the late Dr. Harvey W. Milligan and graduated here from Illinois college. Afterward he took up educational work especially in its relation to the deaf. He had been prominently engaged in this work for a period of years and the time of his death was holding a position as superintendent of the State School for the Deaf at Berkeley Cal. He had conducted the work there in a very successful way. Mr. Milligan was a comparatively young man and he had a fine spirit and qualifications which fitted him for many further years of usefulness, and his untimely death is a matter of great regret.

The arrangements for the funeral have not yet been made known in Jacksonville.

ATTENTION K. of P. 152 All Knights and visiting brothers are requested to be present tonight. Work in rank of Knight. Refreshments will be served. H. C. White, K. of R. S. L. E. Hall, C. C.

BIG RUSH FOR SEATS

Opening Performance Will Play to Crowded House—Cast to be Announced Tomorrow.

The biggest rush for seats at the Grand Opera House in several years was seen yesterday morning for the Elks' Jollies of 1920. There was a long line waiting for the box office to open and by twelve o'clock more than half of the house had been sold for the first performance on Thursday night, April 1st. Mr. M. W. Osborne who has charge of the seat sale announced late this evening, however, that there were still some very desirable dress circle seats for the opening show on Thursday night and those desiring to attend the first night's performance should come early this morning and obtain their choice. The seat sale for Friday evening will open this morning at nine o'clock and it is expected that the demand for the second night's performance will be just as large if not larger. Those desiring choice seats should come early.

The tomtom with the fast, dancing girls with their swirling veils, palace guards with their expressionless faces, that air of mystery and enchantment characteristic of the land of the Sultan—all this and more are a part of the last scene in the Elks' Jollies of 1920. There are two reasons why most of Jacksonville's people will attend one of the shows. First, because they get their money's worth. Second, because the profits from the show are to be used in the building of the Elks' new home in Jacksonville. Undoubtedly the Elks' Jollies of 1920 will show to more people than any other attraction during the year of 1920. The cast will be announced tomorrow morning.

MUSICIANS GRAND BALL K. of C. Hall, Tuesday, April 6. Big orchestra. Special music.

A TALENTED YOUNG MAN

The excellent work done by the State school for the Blind is being exemplified in many ways, a great part of them not generally known to the public. One shining example is Clarence Richardson, a graduate of recent years. He is employed as stenographer at the Jacksonville State hospital. He takes dictation on his little Braille machine and then transfers it to the ordinary type writer in good form. To the ordinary person this seems almost superhuman yet it is being done every week day by this young man. In addition to that he is quite an accomplished musician and from that derives much pleasure both for himself and others.

Another accomplished musician connected with the school is Fred Myers. Not long since the writer sang (imagine it?) and whistled to the young man a number of tunes he had never heard. After hearing them a few times he went to his Braille machine which, with six dots has 65 combinations for letters, figures and notes, and with great rapidity wrote both words and notes.

Wonderful yet so it is.

NAMES DIRECTORS IN KEEPING PIT CAMPAIGN

J. S. Findley, who is district director in the government's "keeping fit" campaign, has recently appointed Rev. Max Willes of Virginia, as director for Cass county, and Rev. S. B. Harry of Petersburg as director of Menard county. The exhibit has been shown locally a number of times in recent days and has created a great deal of interest.

REV. MARION HUMPHREYS AT WESTMINSTER CHURCH. Another in the series of pre-Easter services was given at Westminster church last night. Rev. Marion Humphreys, pastor at large for Springfield presbytery, conducted the services and gave a very impressive short address. Rev. Mr. Humphreys will continue to assist the pastor, Rev. E. R. Landis, through the

#### CITY COUNCIL AWARDS WALBRIDGE CONTRACT

Mayor and Clerk Ordered to Sign Contract For Building of Filtration and Power Plants—Other Business Transacted.

At the regular meeting of the city council held Monday evening the John T. Walbridge Engineering company was awarded the contract for building the filtration and power plants at a price of \$110,622.

This amount only represents the power plant unequipped. It will require approximately \$30,000 for new work and the removal of the old plant. It is hoped to raise this amount by a bond issue to be asked for some time soon.

An ordinance providing for a flagman at the North Main street crossing of the Wabash Railway was given a second reading and adopted.

An ordinance calling a municipal election was also read and adopted with an emergency clause attached.

The Proceedings. Roll call showed all members present except Aldermen Cain and Ehnie, Mayor Crabtree presiding.

The minutes of the last regular, special and adjourned meetings were read and approved.

During the reading of the minutes Alderman Cain came in and took his place in the council.

Want Water Main.

A petition from property owners for a water main in West nut street between North Main and North Church streets was referred to the water committee. Mayor Crabtree indicated that the council would be glad to lay water mains on all the streets of the city if the funds were at hand.

A communication from the special sewer committee, relative to a sewer wanted by the state health department on the city sewers was read and received and placed on file.

A copy of a letter Mayor Crabtree had written to Trainmaster Chittenden at Beardstown relative to the Burlington blocking the East State street crossing was read.

Alderman Williamson spoke of the railings on the brook culverts. He said he had gone over the matter with J. W. Baptist and it would cost about \$138 each to fix the culverts.

Alderman Cain said that the city should do something toward placing these culverts in condition else it would probably have a law suit if someone was hurt. He told of some blind boys who nearly met with an accident at the brook in the Third ward. The matter was referred to the highway committee with power to act.

H. J. Floeth of the Illinois Tire and Vulcanizing company was present and addressed the council relative to building an addition to the company building in West Morgan street. Mr. Floeth explained that a porch was already there and that they wanted to extend it and cover it with sheet iron.

Alderman McGinnis, chairman of the public improvement committee said that the council did not want to inflict any hardship on Mr. Floeth or anyone else, but that so long as the ordinances remained as they were it would be impossible to grant the request.

Alderman Moore said there were enough fire traps inside the fire limits now without adding to them. He was the sense of the council that no action could be taken under the present ordinance.

Odd Fellows Ask Relief.

Messrs. Deatherage and Martin, representing Illini Lodge No. 41, O. O. F. were present and asked the council to take some steps toward giving them relief in sewer conditions in the Odd Fellows building in East State street.

It seems that the water flows into the basement of the building when a heavy rain comes. Superintendent of Streets White said the only remedy was to build a new sewer. The matter was referred to the sewer committee with power to act.

Alderman Chapin, chairman of the water committee reported that the city had two feet more water in Mauvalsterre lake last week than it needed, necessitating the cutting of the wire screen which had been placed across the spillway to keep the fish from getting away. The water, however, was normal at the present time.

Ordinances Adopted.

An ordinance providing for a flagman at the North Main street crossing of the Wabash Railway company was given a second reading and adopted.

An ordinance providing for a municipal election to be held Tuesday, April 20, was read and adopted with an emergency clause attached.

The traffic ordinance was brought up for a second reading but the council voted to defer action.

Alderman Chapin brought up the matter of bids for the filtration plant and power plant. He read the various deductions that had been made which left a total of \$110,622.

J. T. Walbridge Awarded Contract. He offered a motion that the contract for the power plant and filtration plant be awarded to the John T. Walbridge Engineering company for \$110,622.

E. F. Johnston spoke heartily in favor of such action. He said the return would be far more than the amount invested in years to come.

## Easter! Get ready!

The Robin is whetting his throat and brightening his vest. The buds are getting ready to unfold. Here and there a blade of grass is about to "bust" forth from the war mdark loam. Why?

Because Easter is coming—Spring—the starting anew of the world's life, including the human hearts and spirits and ambitions.

Easter means shedding winter's gray garb—tuning up to the wonderful days ahead. A man's way is to step forth in new attire.

## Kuppenheimer good Clothes

express your "Springy" feeling properly. They are nice in their American fashion—they are earnest in their quality of material and workmanship. And they are true in their wear-worthiness.

# MYERS BROTHERS

the sum of \$30,000 some time soon.

Alderman Chapin's motion to award the contract carried as did one instructing the mayor and clerk to enter into contract in behalf of the city with Mr. Walbridge.

Alderman Cain brought up the matter of a walk on the north side of East Michigan avenue. He said the walk was needed but asked for further time to interview property owners which was granted.

Brief remarks were made by Walter Bellatti and Bernard Gause.

There being no further business the council on motion adjourned.

DESIRABLE HATS for men are shown at most reasonable prices by FRANK BYRNS Hat Store.

SOME HIGH PRICED LAND

Norman Dewees has returned from a trip to Springfield, Chenoa, and Chatsworth. While driving from Chatsworth in Livingston county he saw several farms that had sold for \$750 and \$800 per acre and was two miles from one that they were offered \$1000 per acre and would not sell. This was a 160 acre track just a short distance from Fairbury.

### Farm Bureau Notes

**Certified Seed Potatoes**—Complaint has been made at this office that seed potatoes are unusually high this spring. A letter addressed to the Clay County Cooperative Certified Seed Potato Growers' Association at Moorehead, Minn., brought back the information that seed potatoes in carload lots in the Red River Valley are selling \$6.15 to \$6.40 per hundred. This price is for common stock partly graded and field run. There is no more certified seed in the county. Certified seed is disease free.

**Spraying Demonstrations**—The members of this Farm Bureau will have an opportunity to see some spraying demonstration in the near future. We are making arrangements with W. S. Brock, Dept. Adviser in Horticulture at the College of Agriculture for a couple of days of spraying work. We want to cover the entire county in about four demonstrations. Commercial Liquid Lime Sulphur and Dr. Arsenic of Lead are the materials which will be used in these demonstrations.

**Farm Bureau Membership**—Morgan county has 1124 farm bureau members. 1031 of these are members of the I. A. A. in addition to the Farm Bureau. Scott county has over 500 members at

the present time and are on the look out for a farm adviser. Pike county has a membership campaign on and signed up 175 members the first three days. The total membership in the I. A. A. is 64,811.

**Labor Shortage**—We have plenty of married men but there is a scarcity of experienced single men. The I. A. A. is offering to help us in this matter. The shortage undoubtedly will result in a decrease production.

**Dave's Letter**—I've run myself ragged, and I'm out of wind; I've lost my punch, and the old smile is getting tired of smiling. It may not have seemed so to anyone else, but to me the past year has seemed to have whipsawed me at the end of a line of business that has landed me here this April Fool's Day like a poor fish out of water—gasping for breath and gills turning white. My desire for dinners in which the piece de resistance was a generous portion of hard boiled filet of boiler plate with a garnish of shingle nails, has changed so that the things from the door of a cookoo clock makes an oversized meal.

In short—I'm doggone tired—and getting stale on the job—so please excuse me for about a month, or thereabouts—while I vacate on a vacation.

"Then I'll come back to you"—if you'll let me. In the meantime, "Business as usual" at the I. A. A. office.

Hoping that I have a swell vacation, I am

Sincerely yours,

D. O. Thompson.

**NOTICE TO TAXPAYERS**  
The tax books are now in the collector's office and is a judgment against all parties mentioned therein.

Parties paying on personal tax only, should pay the same promptly and avoid trouble and expense in collecting same. The judgment reads as follows: In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such person. Parties paying on real estate should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

**FIRE ALARM SUNDAY**  
The fire department was called to the vacant lot east of the Courier office at 2:30 o'clock Sunday afternoon. Some rubbish and weeds were burning—but no damage resulted.

**POPULAR PRICED TAILORING**  
Repairing, improved machinery, cleaning, pressing, buttons covered. FRANK-ENBERG, 221 N. Main.

**CONDUCTOR NEARLY "MISSED" OWN TRAIN**  
Conductor Fitzgerald of the C. & St. L. narrowly escaped a failure to report for duty one afternoon the past week. He drove out with Glenn Cannon to take a look at Mauvalterre lake. Just after the travelers had crossed the railroad track on the R. S. Woods road the car slipped off into a mud hole. It was only about twenty minutes until leaving time of the train and the conductor knew some strenuous method was necessary if he "arried" at the station. It happened that a C. & B. & Q. train was just coming in sight. Mr. Fitzgerald flagged it and the accommodating engineer helped out in an emergency and the station was reached in plenty of time.

**Pay When Cured**  
Dr. Burkhardt wants you to write him today for a treatment of Dr. Burkhardt's Compound for Liver, Kidney, Stomach Trouble, Constipation, Catarrh, Rheumatism. Pay when cured. Public Health Department

## Hospitals

Public Health Department

"In speaking of the two 'unwelcome visitors', SICKNESS can be prevented largely by obeying the laws of hygiene only. Disregard them and you pay the penalty. There is no escape from the inevitable laws of God. You will be sick? Then you owe it to the family, society and your self to rob THAT SICKNESS of as much of its dangers as possible, and by so doing you keep the 'GRIM REAPER' on the outside much longer.

You can do this more effectively by going to the HOSPITALS — "the sick man's arsenal" — the sensible man's

refuge" in time of threatened death—I mean his earthly refuge. Your chances of recovery ARE GREATER, your period of sickness CUT SHORTER and your economic value enhanced.

You say "It costs too much." Here again you make a mistake. There is no comparison of health with money. "Health is wealth", but in actual dollars spent, the odds are in favor of the Hospital.

NOW I'LL SHOW YOU.  
Section 3 to follow.

## SOIL FERTILITY IN RELATION TO FOOD PRODUCTION

(Frank L. Mann, in the Bloomington Pantagraph.)

A hundred and fifty farmers heard Frank L. Mann, scientific farmer of Gilman, Ill., talk on soil fertility and food production at the Farm Bureau room. This is the record attendance for the series of Saturday afternoon meetings. Mr. Mann told of the limiting factors in producing food and how these limitations can be overcome and the production doubled or trebled on the same amount of land. He said that the world is facing three great problems today, the production of food, economical distribution and economical use of food. The women are taking care of the economical use of food. The problem of increasing production is up to the farmers and they must do it on the same acreage that is under cultivation today. It is greatly to their advantage to do so, too, because the labor is only increasing slightly when the yield per acre is doubled and the tax on that acreage remains the same no matter what the production.

It has been eighteen years since the state of Illinois began studying soil systematically, Mr. Mann said. Since that time much has been learned and this knowledge is embodied in the following general statements:

### Three Kinds of Material.

There are three general classes of material in the make-up of food. The only thing of value in our crops is the food. We call it feed if we feed it to animals, but ultimately it reaches the human stomach as food. In one class are those things which form the bone or framework of the animal, whether it is a human or a lower animal; bones are four parts calcium and one part phosphorus. In another class are the materials that make muscles, tissue and nerves; nitrogen is the chief element in this class. Nitrogen plays just the same important function in those things which form tissues as it does in the manufacture of gun powder, nitro-glycerine, trinitrotoluol, and all the explosives that were used in the war. The third material is carbon and it furnishes the energy needed, it is the fuel of the body.

Nitrogen is one of the limiting elements in food production. Clover needs nitrogen and can get it from the air in the proportion that it can secure calcium and phosphate from the ground. And clovers, or legumes, will store that nitrogen they secure from the air and the soil. There isn't any soil anywhere in the state that will not grow alfalfa and good clover providing it contains calcium and phosphate. Five tons of limestone per acre will provide plenty of calcium to the soils most deficient in that element. No good will result from applying any more than five tons of limestone. With the phosphate it is different, nobody knows how much it would take to reach that point where additional phosphate would do no good.

Plants will get carbon from the air in the same proportion that they can get calcium, phosphate and nitrogen from the soil. A nine-foot corn stalk will secure enough carbon from the air, through its leaves, to make a one-pound ear of corn. There is carbon enough in the air to grow 250 bushels of corn per acre, but the plants can't use it unless they secure the other materials from the soil.

We have water enough in our soil to produce 250 bushels of corn per acre if the plant food in the soil is deep enough to draw the roots down where they can secure water.

### How Corn Plant Grows.

The corn plant starts to form ears from July 10 to 15, and after that time it doesn't take food from the soil but takes the food that it has stored in the stalk and roots and it takes material from the air. All the weight is made after that period. If a healthy

corn plant is barren it is because it did not secure and store enough material to form the ear. Some people think that barrenness is hereditary, but in that case it would tend to run itself out, such stalks produce no seed and producing stalks nearby could receive its influence only thru the pollen and after several generations it would have no appreciable influence. The plant is productive in proportion to the amount of phosphate, calcium and nitrogen it stores in the stalks and roots before the middle of July.

### Favors Shallow Cultivation.

The weeds compete with the corn to get the plant food from the soil. By all means they should be cut. But Mr. Mann didn't favor deep cultivation and he told a story to illustrate why. Down in Tennessee he found a farmer who said that he got more corn by drilling than by checking it. He had about the same number of stalks per acre that he would had he checked in. Mr. Mann found that the farmer was using the big shovels and cultivating deep, four or five inches, and cutting the roots. The reason he was getting a larger yield by drilling was that he only cultivated on two sides of the stalks while by checking he would cut the roots off on all sides of the plants. Mr. Mann advised the farmers to try a little experiment, to leave a space twenty-five hills square in the center of a corn field which would not be cultivated at all, simply cut the weeds with a hoe in that space, without moving the soil any more than possible, and check up the yield. He said that the chances are that you would get more corn from that patch, and if you do, it means you have been cutting too many roots with the cultivator.

### Enriching the Subsoil.

Mr. Mann explained that he wanted his subsoil rich as well as the top soil. Otherwise the roots would not go down deep and the plant would suffer during drought. With manure you can get the land rich only as deep as you plow, he said, but if you put limestone on the surface it will be taken up in the water, it will make the water hard, and clover roots will follow the course of that hard water down thru the ground. When winter comes the clover plants move its store of plant food down into those roots. A crop of clover that would produce two tons of dry hay will, if left uncut, move to the roots 100 pounds of nitrogen and a large quantity of phosphorus. Then that clover is plowed under and the roots with their stores of food are left in the subsoil to attract the corn roots later. The subsoil is provided with humus by the decaying roots and drainage is bettered. That is the value of the clover in a rotation. The nitrogen that it stores comes from the air and is greatly needed by the grain crops following.

### Mr. Mann's Yields.

Last year Mr. Mann raised his fourteenth crop since he started using limestone and phosphate. Now he has covered all of his land with four tons of phosphate to the acre. The average of his fourth rotation was 93 bushels of corn, 97 bushels of oats and 57 bushels of wheat. He has been plowing clover under since 1879 on a half section of his land, forty-one years with clover every fourth year, and the second crop plowed under. A half section across the road has been in a corn and oats rotation about the same period and it yields 54 bushels of corn and 32 bushels of oats.

Mr. Mann advised against using commercial fertilizer containing ammonia which is one form of nitrogen. Nitrogen in the form of ammonia costs 50 cents a pound and you might just as well secure it for nothing from the air by growing clover. He also advised against using fertilizers containing gypsum, which is nothing more than a land plaster, a stimulant to more quickly use all the fertility of our soils instead of build it up.

"You see that limestone and phosphorus is a measure of our ability to get nitrogen from the air; and that limestone, phosphorus and nitrogen is the measure of our ability to get carbon from the air. Limestone and phosphorus are the basis of our agricultural production."

The future prices of men's hats and shirts will cause us to consider the present prices cheap. Secure your needs this week of FRANK BYRNS Hat Store.

### A LONG CARAVAN OF AUTOS

Sunday afternoon a caravan of forty Hupmobiles arrived in town on their way from the factory to the garage of the owner, W. C. Howard of Kansas City. The drivers left a man on guard, proceeded to make themselves comfortable for the night and in the morning proceeded toward the setting sun. They said they expected to pass through the city with eighty more new cars in the near future.

Carl Wilson of Pisgah was among the visitors in the city yesterday.

**VISITORS FROM DECATUR**  
Mr. and Mrs. Howard Wood and daughter of Decatur have been visiting Mr. Wood's parents, Mr. and Mrs. William Wood on West College street. Mr. Wood has returned to the capital of Macon county but Mrs. Wood and daughter will remain a time longer.

I hereby announce myself candidate for Clerk in Road District No. 7 at election, April 6.  
ROY McLAIN.

## The Pirate-

"Sh! What would happen to me if I were your kid? Well, if you're not acquainted with Calumet Baking Powder you don't know what a good excuse I have. I Can't Help Helping Myself—they're so good! Good for me too, because Calumet Baking Powder is wholesome and easily digested. Millions of mothers use

## CALUMET BAKING POWDER

because of its purity—because it always gives best results and is economical in cost and use. Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

You save when you buy it. You save when you use it.

HIGHEST QUALITY AWARDS

# for you—Mr. Man

—For you—who have never found satisfying completeness in a beverage,

—For you—who have never tasted the exhilarating wholesomeness that a cereal drink should have,

—For you—whose confidence has been shaken by those beverages which try so hard—but cannot satisfy—

—For you—Mr. Man,

Here is the beverage with no apology to make—a beverage made with a purpose.

And that purpose—

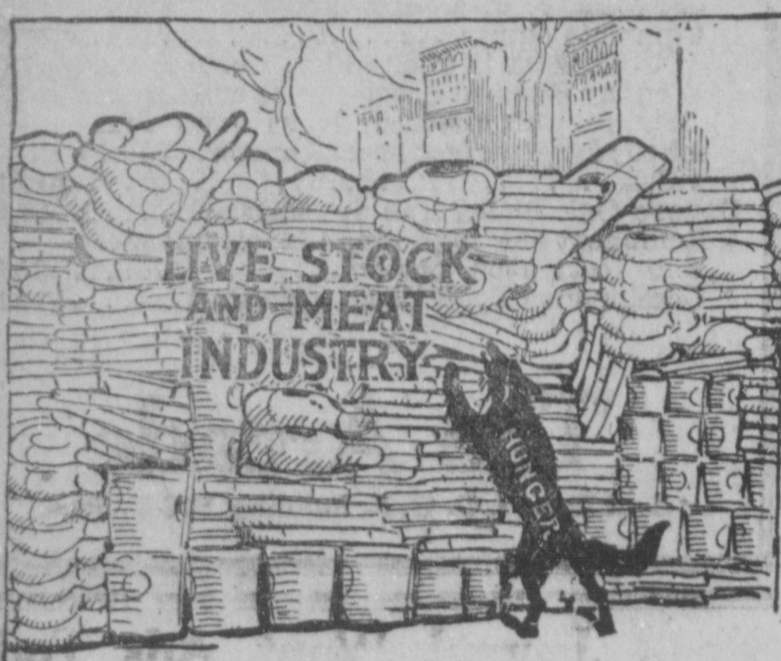

To give you new hope—new joy in living. To give you nourishment that you've never known before. To bring you the "satisfied feeling." And when you drink BLATZ—then you'll know.

For sale wherever beverages are sold.

## Fighting Hunger

Hunger is never more than a few days away from the American people.

The coal strike showed us what a narrow margin the country goes on, even in a non-perishable necessity which can be stored.

Swift & Company is engaged in the business of fighting hunger.

From coast to coast, from the Great Lakes to the Gulf, the lines of defense are drawn—packing plants at strategic points; branch houses in four hundred towns and cities; hundreds of car routes; thousands of refrigerator cars; tens of thousands of loyal men and women expert in their work.

Day by day, hour by hour ceaselessly, this fight, your fight, goes on. Yet so smoothly, surely and victoriously that you, unaware how close hunger always is, are as certain each night of tomorrow's meat as you are of tomorrow's sun.

And so economically is this done that the cost to you for this service is less than three cents a pound of meat sold. The profits shared in by more than 30,000 shareholders whose money makes the victory possible is only a fraction of a cent a pound on all products.

If hunger did not make it necessary for us to fight this fight in the best possible way for all concerned, the competition of hundreds of other packers, large and small, would compel us.

Swift & Company, U. S. A.

Jacksonville Local Branch, 508 N. Maine St.

## BEDFAST EVERY WINTER; STOMACH TROUBLE GONE

Mrs. Mershon Found Speedy Relief After 18 Years' Suffering.

"I had suffered from stomach trouble for 18 years, and had spent hundreds of dollars doctoring. Every winter I was bedfast most of the time. I commenced taking Milk Emulsion last fall, and before I had taken six bottles, my stomach trouble disappeared and I have had no return of it since. This is the first winter in 18 years that I have not been bedfast. I also give Milk Emulsion to the children for cough with splendid results."—Mrs. M. G. Mershon, Brazil, Ind.

Thousands of people who have suffered for years from stomach and bowel troubles, as Mrs. Mershon did, have found this wonderful relief and lasting benefit from Milk Emulsion.

Milk Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk Emulsion is strongly recommended to those whom sickness has weakened, and is a powerful aid in resisting and repairing the effect of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case you are urged to try Milk Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c a bottle.

FOR a real American Breakfast serve Blue Label Karo—the Great American Syrup—on your waffles, pancakes or toast. It is wholesome, pure, delicious and more economical.

Because of the many daily uses for Blue Label Karo—for breakfast, for cooking, baking and candy-making, housewives are buying it by the dozen cans. Ask your grocer the price per dozen.

P. S. Ever try Blue Label Karo on Grape Fruit? Delicious!

## Daily Market Report

### PRICE OF CORN AVERAGES HIGHER

(By Associated Press.)  
CHICAGO, March 29.—Corn averaged higher in price today mainly as a result of scantiness of the stock on hand here. The close was unsettled 3/4c net lower to 1 1/2c advance, with May \$1.55 1/2 to \$1.56 and July \$1.50 1/2 to \$1.51. Oats lost 3/4c to 1/2c and provisions 20c to 75c.

Absence of selling pressure characterized the corn market from the beginning today. Wire service had been crippled by the tornado and with business confined almost entirely to Chicago traders the prevailing spirit was one of caution. In view of the small supplies here, the fact that receipts this morning leave no indication of any important increase of the crop movement tended noticeably to strengthen values. So too did continued export demand for rye and wheat, but after mid-day the bears made considerable capital out of the reports that a big oats industry had reduced its output 50 per cent owing to lack of export calls for its products.

Oats were depressed by stoppage of European inquiry, as well as by shipping preference given to corn.

First provisions showed strength in connection with a stock yard employees' strike that threatened to interrupt packing house work.

Later, the values were left almost entirely without support.

### TRADING ON STOCK EXCHANGE RESTRICTED

(By Associated Press.)  
NEW YORK, March 29.—Stocks were irregularly strong under further professional propulsion today but broke sharply toward the end, when call money suddenly rose from the opening rate of 8 per cent to 12 per cent.

Trading was much restricted during the forenoon, storms causing serious interruption to wire communication with the west and south.

Speculative issues were again the diverting features, a few making new records at substantial gains.  
Stutz Motor, in which rumors of a "corner" persisted advanced to 337, exceeding its previous maximum by 7 points, but closed at 329, an actual gain of eleven points. Crucible Steel rose 14 1/2 points to 261 but reacted 3 points and General Motors replaced an early moderate gain with a net loss of six points.

At the close most other motors, equipments and steels also oils and shippings, were 2 to 5 points over last week's final prices but the entire list displaying a reactionary tone at the close.  
Sales amounted to 875,000 shares.

Foreign exchange was less stable. London quotations falling some 3 cents under the recent rally. French and Italian rates also declining proportionally.  
Liberty issues and the general list were irregular.  
Sales (par value) amounted to \$9,125,000.

220-222 S. Main Street  
Second Floor

### A SUCCESSFUL POULTRY MAN

Many times it has been remarked that chickens on a large scale didn't seem to pay, especially in the west but James Petefish, urbane handler of mail and merchandise in Litterberry has a different story to tell. He says he experimented and studied the subject six years before he attained his present degree of success. He prefers the Leghorns, as is the case with many others who seek to produce eggs and he says he is willing to tell any one all he knows as far as possible, but after all each man must learn the business for himself.

Mr. Petefish has an old stable for a chicken house but he has put in a south side window and large door so the fowls can get air and exercise and be housed in bad weather. When he can get crude oil he uses it liberally about the chicken home and failing to get crude oil he uses a mixture of kerosene and crude carbolic acid. He also says chicken like a wallow slightly damp instead of the traditional dust bath to which we are all accustomed.

For an insect powder he uses two parts gasoline and one part carbolic acid mixed with plaster of paris. When dry and hard, pulverize and you have a powder costing perhaps three cents a pound and just as good as the expensive articles sold by the trade. He uses an incubator instead of setting, but this spring there have been a good many infertile eggs owing to continued cold weather. He took 105 chicks from an incubator and reared 103, the other two being inferior when hatched. Coming down to the concrete, Mr. Petefish has 120 chickens. Last fall he bought for them \$150 worth of feed and the fowls repaid the whole several weeks ago and what now comes is clear profit. He thinks a dollar a year a conservative estimate on what he can clear from each hen. It is also just to him to add that the above statements he gave in an ordinary conversation, not expecting anything he said to be published and if there are any errors they will be gladly corrected.

### PUBLIC SALE

My entire household furniture. Sale to be held at 1 p. m. Tuesday, March 30, at 303 E. Walnut St. I. E. Litter. C. M. Strawn, Auctioneer.

### ANXIOUS ABOUT BELVIDERE

Mrs. H. L. Smith has many relatives and friends in Belvidere and it is reported that the storm almost demolished the place. Wires are down and there is no communication with the place.

### 106

### REALLY WANT TO BREAK THAT COLD?

You lose no time when you use Dr. Bell's Pine-Tar-Honey

COSETH that hard-packed phlegm. Ease that labored breathing. Allay that distressing inflammation. Get rid of that hoarseness, that constant coughing, that irritating throat-tickle. Freedom from these unpleasant things is what Dr. Bell's Pine-Tar-Honey helps promote. And it is safe for anybody from kiddies to grandmas. Its ingredients are noted for their healing, antiseptic properties. Thousands of users would never consider a substitute. Economical. A bottle in your medicine cabinet is playing safe. 30c., 60c., \$1.20.

Dr. Bell's Pine-Tar-Honey for Coughs and Colds

### PODOX is a Family Medicine

Effectively removes accumulated waste matter and puts the liver in healthful action. Good for every member of the family. Pleasant. Po-Dox thoroughly cleanses the system and regulates the bowels. 60c. Drugists

### Diphtheria

A sore throat is a good breeding place for Diphtheria germs. Protect your children by never neglecting a Sore Throat. You can wisely depend upon TONSILINE. Give Tonsiline upon the first appearance of Sore Throat—don't give Diphtheria a chance in that throat in its weakened condition. When TONSILINE is swallowed it comes directly in contact with the diseased surface and induces a healthy condition of the membranes—then the system can better defend the throat if attacked by Diphtheria germs. Keep TONSILINE in the house always. 35c., 60c. and \$1.00.

### Of Utmost Importance

Pure, emulsified cod-liver oil is not medicine as many are prone to think of medicine.

## SCOTT'S EMULSION

is a form of growth-nourishment that is of utmost importance to many children. That most children relish and thrive on Scott's is a "truism" accepted the world over. Give Scott's to the children and watch them grow strong!

Scott & Bowne, Bloomfield, N. Y.

### Quick Action Corn Cure

"Gets-It" Stops Pain Instantly and Corn Sops Lifts Right Off.  
A few drops of "Gets-It" quenches corn pains like water quenches fire. Gives you immediate relief.

"Gets-It" Feels It Off

The corn begins to lose its grip at once. In a day or two it is so loose that you can lift it off, roots and all, "twixt thumb and finger." That's the last of it, as millions have found out. It is the simple, effective and common-sense way to be rid of corns.

"Gets-It," the never-failing, guaranteed money-back corn remover, costs but a trifle at any drug store, Mfg'd by E. Lawrence & Co., Chicago. Sold in Jacksonville and Recommended as the World's Best Corn Remedy by Armstrong's Drug Stores.

### WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

## Natski Blood Purifier Sold On Positive Guarantee

We are so sure that Natski Blood Purifier will do for you what it has done for hundreds of other people that we sell it with the absolute guarantee of satisfaction or your money back. Here is what it did for a Tell City woman:

Tell City, Ind., Nov. 12, 1917.  
Natski Medicine Company,  
Moweaqua, Ill.

Sirs: I do most heartily recommend Natski Blood Purifier to anyone with rheumatism. I was ill with rheumatism for weeks, unable to do any work, had to be lifted in and out of bed. After taking three bottles of Natski Blood Purifier I am able to do my work and have lost all rheumatic pain.

Respectfully,  
MRS. WILL CRAVENS,  
Tell City, Ind.

Natski Blood Purifier is sold in Jacksonville by The

Armstrong Drug Stores and Gilbert's Pharmacy

### Children Cry for Fletcher's

## CASTORIA

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of

Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are far inferior to the genuine. They are the cause of many deaths and children—Experience against Experiment.

### What's CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.
